although the largest churches in the world are cell based many have questioned whether the model will work in north america the church in many houses reaching your community through cell based ministry makes the case that the cell model will work if key assumptions about spiritual growth and the nature of the church are reexamined and renewed by drawing on scripture research and insights gained through personal experience as the pastor of a growing cell church steve cordle identifies the four pivotal philosophical shifts necessary for the cell approach to work these are mindset shifts that move from programs to relationships the purposes of the church are best fulfilled in the cell group instead of in programs member to disciple maker every member can and should become a group leader educating to equipping spiritual growth is not knowing more but applying more come and see to go and show the power of penetration evangelism impose a cell structure upon a congregation that has not yet made these philosophical shifts we are likely to fail

but when people adopt these biblical mindset changes the cell approach will seem natural and will result in great unity and effectiveness the church in many houses will help congregations make the changes that are necessary for success

this is an expanded 624 page reference tool for the 8 stage transition process found in how do we get there from here formerly titled making cell groups work this sizable compilation is filled with hundreds of articles by pastors and experts including helpful articles such as how to transition your church s calendar and budget to allow for a growing holistic small group cell group ministry how to choose team members to implement the transition tips on how to prototype groups and much much more one of the most valuable tools found in this resource is a revealing readiness assessment tool which will help you determine weaknesses if any in four key areas of church health all of which are required for a successful transition

why cell church is it because david cho s church the largest church in the history of christianity is a cell church is it because someone said the number twelve will bring blessings and growth is it because cell church is the strategy that many great churches are using ralph neighbour repeatedly says theology must breed methodology this book sets forth the biblical theology for cell based ministry without biblical truth we don t have a firm under pinning upon which we can hang our ministry and philosophy on the other hand we can plod through most anything when we know that god is stirring us to behave biblically cell church is not the latest greatest church growth strategy if it were it would simply be a passing fad until the next hotter more relevant strategy comes along in fact in many places around the world cell church transforms the church through a purification process church growth is slow but cell church helps christ s church go deeper joel comiskey has been studying the cell church movement since 1991 and has discovered that the cell church strategy doesn t produce rapid growth in itself god reserves growth for himself he wants to receive the glory for all church growth the first section of this book covers the trinity the model for all small group community the good news is that the trinity works within believers to mold and shape them into his image this section explores god s emphasis on the family starting from genesis christ s formation of a new family and then the early church s focus on family comiskey believes that family is the principal image of the church in scripture the last chapter in this section explains jesus and his kingdom and more specifically how jesus trained his disciples to evangelism through home based outreach section two reveals how the early church met in homes it explores what they did in those home meetings the size of the house churches and how home evangelism took place through ancient oikos relationships comiskey looks at how new testament leadership developed naturally through the house church structure and how the early church connected the house churches into celebration gatherings large group meetings the last section applies all eight chapters to the church today this last section draws out the new testament insights that are applicable to the 21st century church

this book explores how god has used small groups throughout church history specifically focusing on the early church to the present time god not only established the early church as a house to house movement but he also has used small groups throughout church history this book chronicles the small group or cell movement from jesus all the way to the modern day cell explosion themes include small groups in biblical history small groups in early christian history small groups and monasticism small groups during the pre reformation period luther and small groups martin bucer and small groups the anabaptist movement puritan conventicles pietism the moravians the methodists modern house churches small

groups in north america the modern day cell church this book will both critique the strengths and weaknesses of these historical movements and apply principles to today's church you will grow in appreciation and understanding of key small group principles from those pioneers who have paved the way you will also learn to value those movers and shakers who faced far greater odds to implement small groups than the difficulties confronted today many have struggled with the same things you're wrestling with now and just like they found solutions in the face of persecution and trial god will help you to persevere find solutions and ultimately bear abundant fruit for his kingdom and glory

does the cell church strategy work in north america we hear about exciting cell churches in colombia and korea but where are the dynamic north american cell churches this book not only declares that the cell church concept does work in north america but dedicates an entire chapter to examining north american churches that are successfully using the cell strategy to grow in quality and quantity this book provides the latest statistical research about the north american church and explains why the cell church approach restores health and growth to the church today more than anything else this book will provide practical solutions for pastors and lay leaders to use in implementing cell based ministry note this book was originally called cell church solutions transforming the church in north america it now has a new title new section and has been completely re edited

most of the modern day cell church movement is biblical dynamic and positive sadly errors and false assumptions have also crept in to confuse and lead astray an otherwise healthy movement joel comiskey in this ground breaking book exposes the myths of the cell church movement and then offers positive principles and insights to guide churches and leaders on the right path each chapter begins with a unique insight from a worldwide cell church leader who will share decades of wisdom in working with cell groups these leaders include ben wong robert lay mario vega bill beckham abe huber jimmy seibert scott boren werner kniesel randall neighbour jim egli steve cordle and les brickman you will enjoy the insights of these leaders in the cell movement this book will help you avoid pitfalls and apply biblical time tested principles that will guide you into fruitful cell ministry whether you're starting out for the first time in cell ministry or a seasoned veteran this book will give you the tools to help your ministry stay fresh and fruitful

home cell group explosion 2023 version is the most researched and practical book ever written on cell group evangelism joel comiskey traversed the globe to find out why certain churches and small groups are successful in reaching the lost he found the answers and freely shares them within this volume if you are a pastor or small group leader you should devour this book it will encourage you and give you simple practical steps for dynamic small group life and growth my friend joel comiskey is a combination of a local church practitioner and a painstaking scholar joel spent hundreds of hours and thousands of dollars visiting eight of the highest visibility cell group churches to interview their leaders and record his findings i love this book because it focuses on the multiplication of cells for the greatest evangelistic results c peter wagner author scholar and church growth expert comiskey does not just describe what is happening in cell churches he takes the next step and identifies in a step by step fashion how we can apply these principles in our churches it is all here everything we need to know to start and grow a cell group ministry i am grateful to dr comiskey for the time effort and research that has gone into producing this long needed book richard peace ph d professor of evangelism and spiritual formation fuller theological seminary joel and i shared many days in bogota as this book was written his grasp of cell church models is superior to any other person i have worked

with this book is a treasure of information for church planters and pastors wishing to transition to the cell model ralph w neighbour jr author and pioneer church planter

this book provides help for those desiring to begin a cell group church and describes many available equipping tools
