this book is an enquiry into memory in the western world specifically memory is the framework of culture because it links the present to the past or tradition and projects it into the future for this reason any work focusing on memory involves a double challenge 1 to reveal the origin of concepts and 2 to glimpse the course of thoughts this is the case of the present volume in which the authors make several tastings of europe's intellectual heritage by taking into account both the greek origin of this legacy and its relevance for understanding the european philosophical heritage in particular these papers focus on the aristotelian tradition the true keystone of europe and on other currents of thought that have also played an essential role in the intellectual evolution of the old continent in the latter field there are contributions for instance on philosophical religious traditions such as orphism or on certain fundamental aspects of neoplatonism both in the classical world and in christian authors the volume concludes with various works on the survival of these intellectual trends from the renaissance to the present day consequently this work offers the opportunity to delve deeper into some of the aspects that define western civilisation observed both from its origin and its evolution over the centuries the volume contains papers in spanish portuguese italian and english este libro es una indagación en la memoria del mundo occidental específicamente la memoria es el almacén de la cultura porque liga el presente al pasado o tradición y lo proyecta al futuro por ello toda obra centrada en la memoria entraña un doble reto 1 revelar el origen de los conceptos y 2 atisbar el rumbo de los pensamientos este es el caso del presente volumen en el que realizan diversas catas en el patrimonio intelectual europeo lo hace teniendo en cuenta tanto el origen

griego de ese legado como su relevancia para comprender el acervo filosófico europeo en concreto se centra en la tradición aristotélica verdadera clave de bóveda de europa y en otras corrientes de pensamiento que también han jugado un papel esencial en la evolución intelectual del viejo continente en éste último ámbito hay contribuciones por ejemplo sobre tradiciones filosóficas religiosas como el orfismo o sobre determinados aspectos fundamentales del neoplatonismo en el mundo clásico y en autores cristianos concluye el volumen con diversos trabajos sobre la pervivencia de esas tendencias intelectuales desde el renacimiento hasta nuestros días en consecuencia esta obra ofrece la oportunidad de profundizar en algunos aspectos que definen nuestra civilización observados tanto desde su origen como desde su evolución a lo largo de los siglos

this research volume reassesses one of the most fundamental transformations in late antiquity centered on a pivotal region the transition from empire to kingdom in italy c 250 500 during the first quarter of the first millennium italy was still the heart of the roman empire the only political superstructure ever managing to encompass the entire mediterranean world and its european hinterland yet during the second quarter of this millennium italy underwent dramatic evolutions from demotion to a

provincialized region c 285 395 to a new imperial hub kept afloat by cannibalizing other provinces resources c 395 476 to an autonomous regnum governed by non roman rulers as part of an eastern roman commonwealth c 475 535

the castrato is a nuanced exploration of why innumerable boys were castrated for singing between the mid sixteenth and late nineteenth centuries it shows that the entire foundation of western classical singing culminating in bel canto was birthed from an unlikely and historically unique set of desires public and private aesthetic economic and political in italy castration for singing was understood through the lens of catholic blood sacrifice as expressed in idioms of offering and renunciation and paradoxically in satire verbal abuse and even the symbolism of the castrato s comic cousin pulcinella sacrifice in turn was inseparable from the system of patriarchy involving teachers patrons colleagues and relatives whereby castrated males were produced not as nonmen as often thought nowadays but as idealized males yet what captivated audiences and composers from cavalli and pergolesi to handel mozart and rossini were the extraordinary capacities of castrato voices a phenomenon ultimately unsettled by enlightenment morality although the castrati failed to survive their musicality and vocality have persisted long past their literal demise
