the clearest explanation yet of how the financial crisis of 2008 developed and why it could happen again in the wake of the financial meltdown in 2008 many claimed that it had been inevitable that no one saw it coming and that subprime borrowers were to blame this accessible thoroughly researched book is jennifer taub s response to such unfounded claims drawing on wide ranging experience as a corporate lawyer investment firm counsel and scholar of business law and financial market regulation taub chronicles how government officials helped bankers inflate the toxic mortgage backed housing bubble then after the bubble burst ignored the plight of millions of homeowners suddenly facing foreclosure focusing new light on the similarities between the savings and loan debacle of the 1980s and the financial crisis in 2008 taub reveals that in both cases the same reckless banks operating under different names received government bailouts while the same lax regulators overlooked fraud and abuse furthermore in 2013 the situation is essentially unchanged the

author asserts that the 2008 crisis was not just similar to the s l scandal it was a severe relapse of the same underlying disease and despite modest regulatory reforms the disease remains uncured top banks remain too big to manage too big to regulate and too big to fail
