like philosophy itself how i met your mother has everyone thinking how does a successful show that's been on the air for years suddenly become a hit in its fifth and sixth season have you ever wondered why you identify so strongly with barney despite the fact that he's such a douche or why your life story doesn't make sense until you know the ending or at least the middle or where the bro code came from and why it's so powerful or why you'd sooner miss the hottest date in your life than have to live in new jersey of course you have or if you haven't you'll clearly remember from now on that you have how i met your mother and philosophy answers all these questions and a whole lot more including one or two that even you may not have thought of twenty of the awesome est philosophers ever congregated in one bar have come together to quaff a few drinks and to analyze this most awesomely philosophical of sit coms they poke prod and sniff at such momentous matters as the metaphysics of possible worlds the misdeeds of goliath national bank the ontology of waiting to get slapped the epistemology of sexual attraction why the platinum rule is to never love thy neighbor the authenticity of censoring yourself the ethics of doing bad things with partly good intentions why future ted's opinions matter to present day ted whether it's irrational to wait for the slutty pumpkin and why canadians have that strange canadian slant on things this book shows that viewers of how i met your mother and philosophy know that philosophy is much more than a song and dance routine

philosophers wittily and expertly uncover amazing philosophical insights from the endlessly fascinating tv show it's always sunny in philadelphia littmann shows how the values of the gang are the same as those of homeric heroes ketcham argues that the church should make charlie a saint partly because it's always sunny is all about free will hamer shows how closely the gang's activities comply with the scientific method alkema and barkman analyze the way the gang perceives happiness and how they try to get it leonard proves beyond doubt that the game of chardee macdennis reveals everyone's unconscious desires king examines the morality of the gang's behavior by the standard of how they respond to extreme suffering chambers agrees that each of the five central characters is a terrible person but argues that given their circumstances they are not truly to blame for their actions tanswell demonstrates that many of the gang's wrong actions result not from immoral motives but from illogical thinking aylesworth uses examples from it's always sunny to bring out some of the moral

problems with real consent to sex jones reveals that nietzsche foresaw everything the gang at paddy s pub would do

this collection of eighteen chapters by talented philosophical minds probes some of the many lessons to be learned from orange is the new black mostly the addictive netflix comedy drama but with some attention to the best selling real life book by piper kerman the show and the book that inspired it both dramatically highlight the troubling stressful situation of millions of incarcerated americans how do the show s shower scenes shed light on the classical mind body problem how can we make our lives meaningful when our options are curtailed by authority what does it mean to manipulate someone and why is it bad what can we learn about the peculiarity of human beliefs from pennsatucky s notion of the gay agenda is litchfield prison a preparation for life outside or just a scale model of life outside what could the governors of litchfield learn from jeremy bentham and his panopticon how is it that even in prison we find ourselves condemned to be free why is one of the worst things about prison being forced to see who and what we really are it so happens that life in prison is absolutely full and overfull of philosophical implications orange is the new black and philosophy stays close to the characters and scenes of the tv show applying insights from ethics existentialism metaphysics epistemology and political philosophy the book is aimed at thoughtful fans of this amazingly fine tv show who want to learn more about its disturbing issues

twenty four nocturnal philosophers stake out and vivisect dracula from many angles unearthing evidence from numerous movies and shows macabre terrifying tragic and comic altmann decides whether dracula can really be blamed for his crimes since it s his nature as a vampire to behave a certain way arp argues that dracula s addiction to live human blood dooms him to perpetual misery karavitis sees dracula as a randian individual pitted against the marxist collective ketcham contrives a meeting between dracula and the jewish theologian maimonides littmann maintains that if we disapprove of dracula s behavior we ought to be vegetarians mahon uses the example of dracula to resolve nagging problems about the desirability of immortality mccrossin and wolfe disinter some of the re interpretations of this now mythical character and asks whether we can identify an essential dracula pramik shows how the dracula tale embodies kierkegaard s three stages of life barkman and versteeg ponder what it

would really feel like to be dracula the greens publish some previous unknown letters between dracula and camus s meursault vuckovich looks at the sexual morality of characters in the dracula saga de waal explains that dragula is scary because every time this being appears it causes gender trouble

safety science research evolution challenges and new directions provides a unique perspective into the latest developments of safety science by putting together for the first time a new generation of authors with some of the pioneers of the field forty years ago research traditions were developed including among others high reliability organisations cognitive system engineering or safety regulations in a fast changing world the new generation introduces in this book new disciplinary insights addresses contemporary empirical issues develops new concepts and models while remaining critical of safety research practical ambitions their ideas are then reflected and discussed by some of the pioneers of safety science features allows the reader to discover how contemporary safety issues are currently framed by a new generation of researchers brought together for the first time includes an introduction and guide to the development of safety science over the last four decades features an extraordinary collection of expert contributors including pioneers of safety research reflecting the evolution of the discipline and offering insightful commentary on the current and future state of the field serves as an invaluable reference and guide for safety professionals and students from any established disciplines such as sociology engineering psychology political science or management as well as dedicated safety programmes some figures in the ebook are in colour

in orphan black several apparently unconnected women discover that they are exact physical doubles that there are more of them out there that they are all illegally produced clones and that someone is having them killed they find themselves in the midst of a secret and violent struggle between a fundamentalist religious group a fanatical cult of superhuman biological enhancement a clandestine department of the military and a giant biotech corporation law enforcement is powerless and easily manipulated by these sinister forces the clones are forced to form their own clone

club led by the resourceful sarah manning to defend themselves against their numerous enemies and to find out exactly where they came from and why orphan black continually raises philosophical issues as well as ethical and policy questions deserving philosophical analysis what makes a person a unique individual why is it so important for us to know where we came from should we have a say in whether a clone is made of us is it immoral to generate clones with built in health problems or personality defects and if so does that mean that producers of clones must practice eugenic selection what light does the behavior of members of the clone club shed on the nature nurture debate is it relevant that most are heterosexual one is a lesbian and one is a transgendered male this tv show shows us problems of biotechnology which will soon be vital everyday issues but what kind of a future faces us when human clones are commonplace will groups of human clones have a tight bond of solidarity making them a threat to democracy if the world is going to be taken over by an evil conspiracy would it better be a scientific cult like neolution or a religious cult like the prolethians should biotech corporations be able to own the copyright on human dna sequences what rules of morality apply when you can't trust the police and powerful groups are ready to murder you
