very few motorcycles have carved a mark in history like the vincent v twin from its arrival in 1946 and up to the present day on the road in club racing in drag races or competing

for land speed records it dominated the motorcycle world leading to the famous catchphrase coined by the factory the world's fastest standard motorcycle it was a fact not a slogan images such as that of rollie free in swimming trunks laying flat on his works modified black shadow and taking the american motorcycle land speed record at bonneville in 1948 have now passed into posterity in fact the big vincent was so ahead of its time that it continued to compete successfully almost arrogantly in racing until the mid 1970s against modern bikes no other motorcycle in the world can claim this kind of achievement following the premature ending of vincent production fritz egli's 1967 egli vincent was the first chassis completely redesigned for a vincent in 21 years egli's machine inspired numerous builders for several generations and this book traces holistically the story of all those motorcycles in the broad context of the classic and modern history of the vincent understand how the flame of passion still burns brightly today

a comprehensive guide for buying and modifying a water cooled volkswagen to get the best performance for autocrossing road racing or street legal fun

this is the story of a man a team and their life and times as well as a complete record of all their achievements and failures it logs the financial and personal cost of racing in the prewar and postwar periods it tells of how the mighty car company renault became involved with them in the late 1950s and how amedee gordini became known throughout the world as one of the greatest engine tuners of his time
