this is the first book to examine in depth the multi million pound redisplay and reinterpretation process in british museums in the early twenty first century acknowledging the importance of the heritage lottery fund hlf as project catalyst hannah paddon explains and explores the complex process from the initial stages of project conceptualisation to the final stages of museum re opening and exhibition evaluation she also provides an in depth look using three case study museums at the factors which shape each museum redisplay project including topics such as museum architecture government agendas and the exhibition team finally the book offers discussions and conclusions around pitfalls and successes and thoughts about the future of collection redisplay

this groundbreaking book tells the untold story of indonesian islam in museums often overshadowed by hindu buddhist art indonesian islamic heritage rarely receives the attention it deserves in museum collections and exhibitions this book unravels the historical silences rooted in dutch colonial rule that have marginalized indonesian islamic material culture delving into the colonial archives it traces the journey of indonesian objects in dutch museums exploring their original meanings and their re appropriation during instances of collecting classification interpretation and public display through this lens the book addresses the enduring impacts of colonialism and offers pathways for the decolonization of museums today

during the past decade a number of individual museums have found imaginative ways of using their collections and of making them accessible however museum collections as a whole are enormous in size and quantity and the question of how can they can be put to best use is ever present when conventional exhibitions can only ever utilise a tiny proportion of them what other uses of the collections are possible will their exploitation and use now destroy their value for future generations should they simply be kept safely and as economically as possible as a resource for the future fragments of the world examines these questions first reviewing the history of collecting and of collections then discussing the ways in which the collections themselves are being used today case studies of leading examples from around the world illustrate the discussion bringing together the thinking about museum collections with case studies of the ways in which different types of collection are used the book provides a roadmap for museums to make better use of this wonderful resource
