this book explores the decoupling process between the us and china from a number of perspectives the rise of china a country that is very different from the dominating west headed by the usa in terms of both political systems and civilizational traditions is profoundly unsettling for the latter talk of decoupling the west from china has been going on for some years now and some actions have already taken place in this direction though attempts such as the replacement terminology of de-risking are being made on both sides to talk down the possibility what is the current state of affairs what is the likely prospect this project sets out to explore these questions this is one of the first attempts at dealing with the issue as comprehensively as possible in that it is not only cross and inter disciplinary but also in that scholars from both the global south and north and both the east and west are participants and will interest scholars of chinese politics

and international political relations
