interested in the fascinating development of our language contains back stories for 500 intriguing words and phrases fun to flip through and also fun to read cover to cover

this book is the outcome of a collection of material that has been slowly accumulating over the past thirty years or so since the time when under the guidance of the late dr frank h vizetelly i began to work as his associate in the editorial department of the funk wagnalls new standard dictionary the ancestry of most of the words that we now use glibly or find in books or other current literature is prosaic we can trace their lines of descent back to old english or old french or latin or greek or other ancient source but beyond the bare bones supplied by etymologists which indicate those sources and the steps by which they became english words the dictionaries tell us little for there is little more that can be told the ancient roman or greek say who may have been the first to use a word that has strayed on to us perhaps could have told the story of its origin it may have been picturesque based upon some historic episode like the word anecdote it may have come from a tale in some older language for the languages that we consider ancient were themselves based upon still more ancient sources but that story if any cannot now be determined thus what we know about the origins of the great majority of the words in our present language can be found in an unabridged dictionary or in a work dealing with etymologies such as that compiled by w w skeat about seventy years ago or the one more recently prepared by ernest weekley

from a highly respected name in reference literature an easy to access dependable sourcebook on the origin and development of thousands of words each word has been thoroughly checked by ranking linguists and the information is presented in a manner as entertaining as fiction an outlet bestseller in previous editions 432 pages 6 x 9

this historical survey enquires into the style structure presuppositions and purposes of etymological enquiries over the past two centuries and contrasts them with the practice of etymology in antiquity and the middle ages

newly updated to incorporate recent additions to the english language the oxford dictionary of word origins provides a fascinating exploration of the origins and development of over 3 000 words in the english language drawing on oxford s unrivalled dictionary research programme and language monitoring it brings to light the intriguing and often unusual stories of some of our most used words and phrases the a z entries include the first known use of the term along with examples related lexes and expressions which uncover the etymological composition of each word also featured are 22 special panels that give overviews of broad topic areas 5 of which are completely new and that variously cover words from oceania word blends eponyms and acronyms new findings in the oed since the previous edition have also been added including emoji mansplain meeple meme and spam an absorbing resource for

language students and enthusiasts but also an intriguing read for any person interested in the development of the english language and of language development in general it also includes an extended introduction on the history of the english language

this fascinating reference includes four previously published best selling titles a hog on ice thereby hangs a tale heavens to betsy and horsefeathers and other curious words
