this investigation focuses on divinely sent dreams in early judaism and discusses their literary forms and socio religious functions it examines jewish dreams in the bible apocrypha pseudepigrapha dead sea scrolls and josephus setting them in the wider context of antecedent and contemporary dream cultures part one grounds the project in the dream traditions of the ancient near east hebrew bible greece and rome part two investigates the unique emphases of early jewish dreams including a priestly and scribal milieu access to various planes of reality new roles for dream messengers and incubation rituals part three explores implications for several related topics of study including the rise of apocalypticism and early jewish mysticism and the social history of early judaism

reality what a concept is life a puppet show and are we nothing but puppets a hidden world all about us angels and demons or is what we can touch and sense all there is and now the

simulation hypothesis plagues us could we really be living in a computer simulation through the ages the conundrum of reality has messed with the collective consciousness of humanity the allegory of plato's cave down through the ages to the matrix a chance meeting in the park leads two strangers to discover strange connections between themselves and the world and in truth both had felt that perhaps there was something not quite right with the world something different they have both noticed improbable coincidences popping up in their lives at an almost alarming regularity and now meeting they witness strange signs in the heavens and find themselves on a bizarre path that will make them question their very reality and the reality of the world about them and the universe itself

dreams in television narratives is the first comprehensive analysis of one of american television's most frequently utilized tropes the dream from its beginning television has been a storytelling medium whether delivered to a live audience or played out on a sound stage narratives and those who write them have always been the crux of the television program while film can claim a long history of scholarly inquiry into the connection between film and dreams no comprehensive research exists on the subject of television dreams locating its primary function as narrative the author uses examples from american sitcoms and dramatic programs analyzing the narrative functions of dreams using as its frame carl jung's narrative stages of the dream exposition development culmination and conclusion while television dreams are analyzed throughout case studies of the television programs the sopranos and buffy the vampire slayer are included to show in detail how dreams function throughout a television series includes a compendium of over 1000 television episodes that include dreams a valuable tool for any television scholar or enthusiast

operating in a start up and entrepreneurial environment that is innovative fast paced and requires multitasking brings about the realization that a demonstrable gap exists between what leadership expects of consultants and how they in reality work referred to as the expectation reality gap erg whether you have an idea are ready to initiate or are building your consulting organization you will benefit from the content of this book once your leadership and consultants grasp the themes writes jacobs they will respond with urgency to become key players and gain significant momentum for your start up and consulting business jacobs masterfully applied the input process output ipo model and descriptive attributes to demonstrate and analyze the erg and guide readers to gain insight into why the expectation reality gap occurs and what inadequacies might exist in terms of culture capability and leadership jacobs provides for each theme a checklist of questions to ascertain whether your organization employs practices to avoid or narrow the erg realizing the erg themes exist and understanding the context is a powerful instrument for hiring teams during the recruitment process client engagement leaders when engaging consultants in business development activities project leaders in assigning and mentoring team members executive management in starting leading and managing consulting organizations and for individual consultants understanding what leaders expect my expectations nearly killed my dream is the checklist methodology every entrepreneur needs to build a non conventional business an influential culture and talent that can sustain an environment characterized by client value speed and adaptability

the first book to explore the nature and function of the oneiric in david lynch's different phases and audio visual formats

the dreaming mind provides an insightful interdisciplinary approach to the study of dreaming exploring its nature and examining some of the implications of dream states for theories of consciousness cognition and the self drawing on research from philosophy cognitive science and psychology the book reveals new insights into the sleeping and waking mind it considers philosophical thinking such as extended mind theory theories of consciousness and theories of the self applying these to empirical dream research the book embraces a

pluralistic account of dreaming showing how dream experiences can be highly varied in content and cognition and discusses the implications of dreaming for a variety of influential consciousness theories including higher order thought theory global workspace theory and the phenomenal access distinction alongside imaginative and hallucinatory dreaming the book also discusses vicarious dreaming and its implications for philosophy of the self offering an integrative approach into our understanding of dreams and the mind this book is essential reading for students and researchers of consciousness dreams philosophy and cognitive sciences as well as anyone who is curious about dreaming

films with dream sequences or a dreamlike quality allow directors to create their own rules of logic and nature to meet a variety of artistic needs for instance an opening dream immediately establishes what a character is feeling a later dream or series of them provides viewers with a glimpse of the climax and a concluding dream ties up loose ends in real life of course dreams do not occur at such convenient times or serve such useful purposes this book explores why science is lost or distorted in the process of representing dreams on film and why audiences prefer this figurative truth of art over the literal truth of science part one discusses changes in form and considers the history of dream theory additionally the physiology of sleeping and dreaming dream structure sleep deprivation dreams under the influence of drugs or alcohol and waking up as depicted on film are examined part two investigates changes in content and delves into the psychology of sleeping and dreaming dream interpretation altered states of consciousness visions and prophecies dreams as wish fulfillment sex and death nightmares and reality versus illusion the author uses theories by freud jung and current experts in her analyses of dream sequences and their use in film

a rare weave of theory and application with a particular strength in tracing the evolution over time of recurring symbols in a series of dreams drawing on many different theories of dream interpretation this is a solid workbook for those seeking an understanding of dreams in the context of everyday life numerous examples
