raise standards and improve learning for all students through equitable grading grading one of the most important responsibilities of teachers with major implications for students academic and life trajectories is ironically also among the most enigmatic and frequently avoided topics in education although most teachers sense that common grading practices are often ineffective there is limited understanding of how those practices can undermine effective teaching and harm students particularly those historically underserved it is long past due to implement grading practices that are

more accurate bias resistant and motivational and which improve student learning empower teachers and transform classrooms as a result in this newly updated edition of the best selling grading for equity joe feldman provides a valuable resource for anyone invested in grading and its impact on students education mental health and future opportunities offering a research based alternative to the status quo this practitioner friendly guide provides extensive revisions that reflect how the pandemic and the black lives matter movement shifted traditional grading systems new data from both academic research and classrooms that demonstrate the benefits of equitable grading for all students clear approaches to implement equitable grading practices updated information on several equitable grading practices including proficiency scales a new concluding chapter that explores implementing equitable grading system wide with a down to earth style driven by the author s own curiosity as a teacher principal district administrator and university instructor this book will invite and challenge you to think about how more equitable grading when implemented effectively creates a more rigorous humane and positive school experience for all

transform your grading and assessment practices into powerful tools for student success when we implement a grading system that prioritizes completion and compliance and penalizes students who take risks we disrupt the learning journey not further it is time to align how we grade with what we know from research works best and help move learning forward for all students grading visible learners provides educators with practical solutions for improving grading approaches actions and practices as well as concrete tools and strategies teachers and collaborative teams can adapt and use in their classrooms and schools right away inside you ll find traits to promote in students so they can drive their own learning examples of grading and feedback actions that foster assessment capability in students tools templates and work samples to help you improve your grading practices guidance on how to promote goal setting as well as help teachers and students view grades as feedback rather than an ending point in the learning journey multiple ways for students to show growth and progress in this hands on guidebook you will discover how to best impact learning and ensure that grading serves as a constructive tool and conduit to maximizing impact on student learning rather than a hindrance to student success

aim for a target based grading system and create stronger learning opportunities do you wish there was more clarity when it comes to measuring student progress and learning what if there was a way to utilize grading and assessment to focus on learning rather than performance and the process rather than the product as grading assessment and reporting continue to be relevant topics of discussion this book helps you create a functional plan to elevate and advance standards based grading practices teachers and administrators will learn how to assess grade and report against specific learning targets rather than standards as a whole to make skill acquisition the highest priority grounded in application to provide focus and clarity this book features real case

studies of schools that have incorporated target based assessment feedback grading and reporting practical examples to guide implementation questions checklists illustrations and audits of practice to showcase the work in action an accessible format and layout that support both immediate implementation and long term goals despite being a topic that generates emotion and resistance to change target based assessment builds the foundation for a learner centered system that provides clear expectations and feedback for teachers students and parents grading for impact is a simple and straightforward guide to re thinking grading based on mastery of specific skills and concepts rather than broadly written standards real world examples of teachers struggling with and answering the old questions are included how do we grade fairly and accurately and how do we use grades as an instructional strategy joseph staub high school teacher downtown magnets high school ca most stakeholders agree that report cards aren t enough to show what our students are learning in school but changing the traditional grading system is a task that requires careful planning and challenging discussions grading for impact shows educators how to start and plan the discussions that will result in genuine learning experiences for students ernie rambo virtual learning community coordinator nevada national board professional learning institute

differentiated instruction is a nice idea but what happens when it comes to assessing and grading students what s both fair and leads to real student learning fair isn t always equal answers that question and much more rick wormeli offers the latest research and common sense thinking that teachers and administrators seek when it comes to assessment and grading in differentiated classes filled with real examples and gray areas that middle and high school educators will easily recognize rick tackles important and sometimes controversial assessment and grading issues constructively the book covers high level concepts ranging from rationale for differentiating assessment and grading to understanding mastery as well as the nitty gritty details of grading and assessment such as whether to incorporate effort attendance and behavior into academic grades whether to grade homework setting up grade books and report cards to reflect differentiated practices principles of successful assessment how to create useful and fair test questions including how to grade such prompts efficiently whether to allow students to re do assessments for full credit this thorough and practical guide also includes a special section for teacher leaders that explores ways to support colleagues as they move toward successful assessment and grading practices for differentiated classrooms
