a fascinating encyclopedic survey of the spanish cuban american war the philippine war and the small wars between 1899 and the end of the occupation of haiti in 1934 the name changes themselves are instructive the usage of spanish american war ignores the fact that the war in cuba had been largely won by the cuban revolutionaries before us intervention hence the new title spanish cuban american war the use of philippine insurrection is replaced by philippine war since the philippine forces had taken much of the islands from spain before us ground forces arrived and guerillas or revolutionaries have replaced bandits the term used by the us to discredit oppositional forces
