exploration has long been pivotal to southern engagements with northern canada but it is most often associated with the nineteenth century or earlier a cold colonialism offers the first extended examination of twentieth century exploration in the canadian north modern exploration helped southerners establish and maintain distinctive kinds of colonial and settler colonial power over northern indigenous homelands who explored the north between 1918 and 1965 what forms did exploration take what did it mean to explorers and others affected by it tina adcock focuses on four representative explorers with richly

documented careers mining engineer george douglas surveyor guy blanchet ethnologist vilhjalmur stefansson and filmmaker richard finnie despite limited experience in and knowledge of the canadian north these explorers helped southern militaries industries and governments exert control over northern peoples and their lands each also claimed belonging in and authority over the north in ways that still resonate among southern settlers in canada today

popular science gives our readers the information and tools to improve their technology and their world the core belief that popular science and our readers share the future is going to be better and science and technology are the driving forces that will help make it better

this edited collection is a careful assemblage of papers that have contributed to the maturing field within education studies that works with the feminist implications of the theories and methodologies of posthumanism and new materialism what we have also called elsewhere phematerialism the generative questions for this collection are what if we locate education in doing and becoming rather than being and how does associating education with matter multiplicity and relationality change how we think about agency ontology and epistemology this collection foregrounds cutting edge educational research that works to trouble the binaries between theory and methodology it demonstrates new forms of feminist ethics and response ability in research practices and offers some coherence to this new area of research this volume will provide a vital reference text for educational researchers and scholars interested in this burgeoning area of theoretically informed methodology and methodologically informed theory the chapters in this book were originally published as articles in taylor francis journals
