exploration has long been pivotal to southern engagements with northern canada  
but it is most often associated with the nineteenth century or earlier a cold  
colonialism offers the first extended examination of twentieth century exploration  
in the canadian north modern exploration helped southerners establish and  
maintain distinctive kinds of colonial and settler colonial power over northern  
indigenous homelands who explored the north between 1918 and 1965 what forms  
did exploration take what did it mean to explorers and others affected by it tina

adcock focuses on four representative explorers with richly documented careers mining engineer george douglas surveyor guy blanchet ethnologist vilhjalmur stefansson and filmmaker richard finnie despite limited experience in and knowledge of the canadian north these explorers helped southern militaries industries and governments exert control over northern peoples and their lands each also claimed belonging in and authority over the north in ways that still resonate among southern settlers in canada today
