sean covey s wildly popular the 7 habits of highly effective teens was one of the first teen success guides ever and has become a timeless classic read by millions of teens all over the world now in the 6 most important decisions you ll ever make covey goes into even greater depth in helping teens figure out how to approach the six major challenges they face gaining self esteem dealing with their parents making friends being wise about sex coping with substances and succeeding at school and planning a career covey speaks directly to the pain and confusion that teens and their parents experience in the face of these weighty life changing and

extremely common difficulties friendly and upbeat as ever he shows them how to use the 7 habits to cope with manage and ultimately conquer each challenge and become happier more productive people

a hands on companion workbook to the new york times bestseller the 6 most important decisions you ll ever make now updated to include new information about technology and how it affects teens today in the 6 most important decisions you ll ever make sean covey gives teens the advice they need to make informed decisions that will lead to long term success and happiness he shares guidance on the big issues in their lives such as how to succeed in school make good friends get along with parents wisely handle dating and sex avoid or overcome addictions build self esteem and much more in this valuable workbook covey allows readers to practice and learn how to actually make those decisions with enhancing stories exercises advice and practical wisdom that can be applied to real life it also encourages teenagers to talk to their parents their friends and their role models about these important issues this newly revised edition includes new material for the digital age and how social media and technology affects the 6 decisions in today s world

the key to successful daily living is found in two words choose life deuteronomy 30 19 a simple insightful uncomplicated principle predicated on an intimate knowledge of god and choosing to follow him the book encourages the reader to make a definitive decisive life changing decision regarding who god is what he is like and what he requires of every individual throughout the book we are challenged to search for him with all our heart and soul deuteronomy 4 29 until we find him and discover that we can no longer hesitate between two opinions if the lord is god then follow him 1 kings 18 21 niv either you stay as you are and settle for business as usual in your daily life continuing on as you ve always been living and missing the miracle and joy of drawing close to god and the benefits thereof or you take the sacred journey seriously follow god as his spirit leads walk by faith through the day rely on his promises and trust his faithfulness wisdom love and word it is the most important decision you ll ever make which will take you on a journey you could never have imagined or thought possible

building a data driven organization ddo is an enterprise wide initiative that may consume and lock up resources for the long term understandably any organization considering such an initiative would insist on a roadmap and business case to be prepared and evaluated prior to approval this book presents a step by step methodology in order to create a roadmap and business case and provides a narration of the constraints and experiences of managers who have attempted the setting up of ddos the emphasis is on the big decisions the key decisions that influence 90 of business outcomes starting from decision first and reengineering the data to

the decisions process chain and data governance so as to ensure the right data are available at the right time every time investing in artificial intelligence and data driven decision making are now being considered a survival necessity for organizations to stay competitive while every enterprise aspires to become 100 data driven and every chief information officer cio has a budgetgartner estimates over 80 of all analytics projects fail to deliver intended value most cios think a data driven organization is a distant dream especially while they are still struggling to explain the value from analytics they know a few isolated successes or a one time leveraging of big data for decision making does not make an organization data driven as of now there is no precise definition for data driven organization or what qualifies an organization to call itself data driven given the hype in the market for big data analytics and ai every cio has a budget for analytics but very little clarity on where to begin or how to choose and prioritize the analytics projects most end up investing in a visualization platform like tableau or qlikview which in essence is an improved version of their bi dashboard that the organization had invested into not too long ago the most important stakeholders the decision makers are rarely kept in the loop while choosing analytics projects this book provides a fail safe methodology for assured success in deriving intended value from investments into analytics it is a practitioners handbook for creating a step by step transformational roadmap prioritizing the big data for the big decisions the 10 of decisions that influence 90 of business outcomes and delivering material improvements in the quality of decisions as well as measurable value from analytics investments the acid test for a data driven organization is when all the big decisions especially top level strategic decisions are taken based on data and not on the collective gut feeling of the decision makers in the organization

this book is an attempt to help you see that decisions are important in life it is aimed at assisting the serious thinking person to realize those important decisions that shape our lives so that you can get your priorities in order and thus organize or reorganize your life for a better tomorrow you will be surprised to learn that every decision that each person makes falls into just three categories hence it is of extreme importance that we make well informed decisions in this three important areas of life
