master's thesis from the year 2004 in the subject business economics offline marketing and online marketing grade 8 1 7 maastricht university faculty of economics and business administration department of marketing language english abstract one notable trend that can be observed in the 21st century is the increasing visibility of objects that stem from or look like products of past times in nearly every market segment consumers nowadays can find products from bygone decades concerning automobiles for example the industry offers the new beetle of volkswagen a modernised version of the mini cooper of bwm and the pt cruiser of chrysler with regard to furniture consumers witness the reoccurrence of beanbags inflatable chairs and fringed carpets flokati just like the ones that were popular during the 70ies fashion companies like hennes mauritz h m and c a founders clemens august brenninkmeyer as well as sports wear producers like adidas and puma offer clothes that look like the fashion from the 60ies or 80ies taking a closer look to the german market the tv broadcasts 80ies tv shows such as for example die 80er jahre show translation the 80ies show or the comeback show add to this nightclubs and cafes are even decorated with 70ies wallpaper furthermore the beverage industry offers soft drinks and syrups that were popular during the 70ies and 80ies such as tritop bluna and afri cola eberenz 2003 seidel 2003 sometimes these products are just nostalgia styled like the pt cruiser the vehicle looks partly like a 1920s gangster car partly like a 1950s hot rod and partly like a london taxicab ball 1999 however other products appear with the name of a once very prominent brand these brands had either completely disappeared from the market or had become for some reason unfavourable in the eyes of consumers and sales levelled towards zero

an insight into all the components of brand management including a wide range of business models and techniques that help to build strong and effective brands in the marketplace it reveals the methods of choosing an appropriate framework for developing and managing a specific brand brand creation and brand management is an essential strategy for success and profitability and should involve everyone in the organization who comes into contact with brands products and services this manual provides readers with an insight into all the components of brand management including a wide range of business models and techniques that help to build strong and effective brands in the marketplace it reveals the methods of choosing an appropriate framework for developing and managing a specific brand and shows how to match an appropriate strategy with the overall strategic goals of the organization

seminar paper from the year 2022 in the subject communications public relations advertising marketing social media grade 1 7 university of bayreuth course global consulting programm language english abstract as the online world becomes louder and more crowded it's increasingly important to practice authenticity in marketing beyond products and services audiences want to connect on a deeper level with the brands they love today's consumers also look for brands that embody values similar to their own they prefer to support companies they identify with on a greater level than simply purchasing a product they like especially younger generations millennials and gen z in particular are

often associated with the practice of buying what a brand values rather than a specific product consumers expect brands to be authentic by sharing their desire to make the world a better place to live work and do business

the twelve cases in this book written by kevin lane keller one of the international leaders in the study of strategic brand management and integrated marketing communications feature some of the world s most successful brands and companies including levi strauss co intel nike and dupont keller s cases examine the strategic brand management process best practice guidelines and how to best build and manage brand equity for executives and managers in marketing and or brand management

the second section focuses on market opportunity but rather than only looking at market analysis and idea screening there is also ground breaking work regarding entrepreneurial opportunity identification and opportunity recognition marketing strategy and each of the marketing mix areas are addressed in separate chapters with particular attention to the uniquenesses of marketing in new enterprises as compared to mature larger firms the final section of the book may be the most intriguing with attention to entrepreneurship in international markets and less developed countries as well as the role of new and smaller enterprises in job generation

the definitive guide to finding developing and keeping the best talent expanded with brand new and updated material the talent management handbook is the established go to guide for hr professionals managers and leaders looking for the best ways to use talent management programs to develop a culture of excellence this third edition features new and updated chapters based on fresh approaches and material for identifying recruiting positioning and developing highly qualified motivated people to meet current and future business requirements filled with expert advice the book offers a roadmap for developing a comprehensive approach to talent management that will guide professionals in the coming years
