douglas long is the author of third generation leadership and the locus of control which focused on the new understanding of what influences individuals values world views and the behaviours needed to facilitate leadership fit for the future here in delivering high performance he concentrates on individual unit and organisational performance when an organisation is using a third generation leadership approach leaders constantly seek high performance and high levels of staff engagement but

achieving either depends on the competence and commitment of individuals or groups the relationships between these factors are complex many people are competent to do things they have the ability but are not prepared to do them they lack the willingness confidence or motivation and the readiness to perform you can even have the most committed and capable people in the world yet still miss performance targets if there are issues with other factors impacting on performance this book is a response to enquiries from those excited by the prospect of a third generation leadership approach but who still have to grapple with performance issues people who want to obtain and maintain high performing organisations in that sense it builds on the new knowledge imparted in third generation leadership and the locus of control it is a how to book that gives the reader practical tools that can be immediately applied and activities that can be undertaken in order to develop and maintain the required or even the desired level of performance

positive organizational psychology with its focus on the identification and development of strengths is a natural ally to executive development and leadership coaching however this approach is only just beginning to come to the attention of organizations and consequently the research base for strength based coaching is in its early stages of development strength based leadership coaching in organizations reviews strength based approaches to positive leadership development and evaluates the evidence for their effectiveness critically assesses their apparent distinctiveness and considers how strengths can be reliably assessed and developed in their organizational context strength based leadership coaching in organizations reviews key areas of leader and team development and describes a model of strengths development in organizations it discusses the application of strength based leadership coaching from the managerial and external perspective within the context of career stage seniority role challenges and organizational need in order to facilitate meaningful change finally it covers the limitations of the strength based approach to leadership development together with the challenges of integrating positive leadership development it shows exactly what a strengths focus is and that there is increasing evidence that this approach does get results where other books focus on one model of identifying strengths this book offers a balanced and critical examination showing how to apply a positive strength based approach
