magazine advertising in life during world war ii patriotism through service thrift and utility is a descriptive analysis that examines how the cultural values of service thrift and utility were framed in advertisements in life magazine from 1942 to 1945 these cultural values were used by advertisers to create citizen consumers who practiced frugal consumption of advertised products and services to demonstrate their patriotism and fulfill their perceived civic duties patriotism through service thrift and utility was not limited to citizen consumers but was also used in the advertisements to highlight the contributions of manufacturers to the total war effort the advertisements were able to support the war and reinforce the american way of life and its consumer culture by framing service thrift and utility in relation to patriotism and consumption recommended for scholars of media studies cultural studies communication advertising history and women s studies

this research topic aims to showcase the state of the art in visual advertising research although visual processes are a central component of consumer behavior they have been largely neglected in models explaining consumer perception of advertising rather than being the mere input into the cognitive or affective systems the visual processes both voluntarily and involuntarily affect the amount and quality of information that is passed into further mental processing moreover advertisements provide a well designed rich and stimulating environment to study visual processes in real life conditions consumers encounter thousands of

advertisement messages per day previous research on visual perception of advertising mostly considers print advertising however advertising messages increasingly appear in a variety of formats and in different media part of these messages are still conveyed through traditional media such as newspapers magazines television as well as outdoor and supermarket advertising in addition the amount and diversity of visual marketing stimuli is rapidly growing in terms of different advertising formats appearing in online and social media smartphones and tablets this challenges the marketing professionals and academics to better understand the impact of marketing on consumers at the same time the technical development of the research methods allows better opportunities to investigate advertising perception in different environments traditionally papers investigating the psychological processes underlying advertising perception are published in journals widespread across different disciplines such as marketing applied psychology and human computer interaction journals with this research topic we aim to create a forum in which experts in different fields define the state of the art and future directions of the research on the visual aspects of marketing we include reviews and original research papers involving both empirical and theoretical studies on visual perception of advertising across different media

magazines have stories pictures and ads companies put ads in magazines to sell products what do magazine ads look like and what is their purpose readers will learn to identify and evaluate the advertisements they see in magazines accessible text and explanatory photos help students understand the role of advertising in their lives

this work sets out a description of how magazine advertising works with supporting research evidence its main focus is on advertising in the uk
