this work takes a real world single focus company approach in every chapter the decision making focus shows the relevance of financial accounting regardless of whether the student has chosen to major in accounting

the award winning author team of bob libby pat libby and frank hodge continue financial accounting s best selling tradition of helping the instructor and student become partners in learning libby libby hodge uses a remarkable learning approach that keeps students engaged and involved in the material from the first day of class the libby libby hodge authors trademark focus company approach is the best method for helping students understand financial statements and the real world implications of financial accounting for future managers this approach shows that accounting is relevant and motivates students by explaining accounting in a real world context throughout each chapter the material is integrated around a familiar focus company its decisions and its financial statements this provides the perfect setting for discussing the importance of accounting and how businesses use accounting information

libby libby short wrote this text based on their belief that the subject of financial accounting is inherently interesting but financial accounting textbooks are often not they believe most financial accounting textbooks fail to demonstrate that accounting is an exciting field of study and one that is important to future careers in business when writing this text they considered career relevance as their guide when selecting material and the need to engage the student as their guide to style pedagogy and design libby libby short is the

only financial accounting text to successfully implement a real world single focus company approach in every chapter students and instructors have responded very favorably to the use of focus companies and the real world financial statements the companies chosen are engaging and the decision making focus shows the relevance of financial accounting regardless of whether or not the student has chosen to major in accounting

authors believe that most faculty take more time with the accounting cycle but other financial accounting textbooks don't by slowing down the introduction of transactions and giving students time to practice and gain mastery this building block approach leads to greater student success in their study of later topics in financial accounting such as adjusting entries

students use this report containing the very same information distributed to Landry's stockholders and potential investors to solve problems and exercises in the process gaining an understanding of how real financial data are prepared and used
