this thesis examines the history of the pacific island studies program pip at the university of hawai'i as an

area studies program beginning with the university's early interest in research about the Pacific after World War II. There was a strong interest in such research and increased U.S. federal support and interest from the 1960s to the 1980s.

Containing original and previously unpublished theoretical and empirical studies, consumer behavior in travel and tourism will give professionals, professors, and researchers in the field up-to-date insight and information on trends, happenings, and findings in the international hospitality business arena. A great resource for educators, this book is complete with learning objectives, concept definitions, and even review questions at the end of each chapter. From this book, readers will understand and learn the needs and preferences of tourists and how to investigate the process of destination and product selection to help provide customers with products and services that will best meet their needs in today's highly competitive business environment. Understanding travel behavior is imperative to success. Consumer behavior in travel and tourism brings together several studies in one volume, representing the first attempt to explore, define, analyze, and evaluate the consumption of tourist and travel products. This guide offers essential research strategies and methods that enable readers to determine the wants and needs of tourists, including discussing and evaluating the main factors that affect consumer behavior in travel and tourism, such as travel motivation, destination choice, and the consequent travel behavior. Exploring the various decision-making processes of consumers that leads to consequent destination choices through case study analysis and marketing suggestions, determining customer expectations of products through a variety of research techniques in order to find ways of improving satisfaction, examining selected research tools such as product positioning and repositioning, and using perceptual maps to evaluate the market implications of using qualitative and/or quantitative research techniques, detecting and analyzing the relative roles individual, environmental, socioeconomic, and demographic factors play in choosing travel destinations. Full of detailed charts and graphs, consumer behavior in travel and tourism illustrates key points to give you a better understanding of important facts and findings in the field.
