this book consists of 100 tried and tested hugely significant compatibility questions that everyone needs to ask their future spouse prior to getting married to them one practical way of doing this is by way of what i call marriage meetings introducing marriage meetings a marriage meeting is where your potential partner and yourself plus two additional people get together in order to learn about each other the questions in this guide will be how you learn about each other without missing anything important just as a pilot has a checklist before takeoff you have a checklist before getting married you don't have to understand how it works just have faith that it does and should you prevail and still marry this person opposite you then i can promise you that you will have a very high chance of a successful marriage what's the purpose of a marriage meeting most relationships fail gradually over time you learn new things about your partner some of which are not to your liking and thus negativity and regret starts to build up eventually leading to the failure of that relationship marriage meetings allow you to get all the skeletons demons out of the closet before any commitment is made where should this meeting take place the marriage meeting should take place somewhere public it is absolutely important that you are not hidden away and there should be a safe and comfortable way for one party to leave should they choose to pick somewhere quiet like a coffee shop a park etc somewhere populated but not too busy as to cause distraction or inconvenience who will attend both of you should bring one additional person let's call them your check mate the mate who keeps you in check this is a responsible person who will have a level head and look out for your best interests choose someone who will not hesitate to scrutinise the other person ask the questions maybe you will shy away from and ensure you're being the real you this person must be your senior though not necessarily age wise this could be a colleague a boss a family friend a senior family member or maybe someone of high standing from within your community the person you bring must be someone you trust and you must listen to them when they bring up concerns they must absolutely not be a yes man who will just go along with what you say otherwise they are useless to you marriage meetings are not dates these meetings are not to be confused with dates during dates one tends to woo and aim to please their potential partner in what i refer to the human equivalent of the mating dance but in marriage meetings one should set out to ask the questions so as to get a clear picture of their potential partner's stance in comparison to your own why marriage meetings work and conclusion i have done this personally and it has turned out quite awesome to me this is the practical method of getting married some may not agree with my methodology and to them i wish good luck i am not here to say things that people want to hear but to make you happy in the long term i call it tough love the

reason marriage meetings work is because you have no commitment with your potential spouse in most modern relationship people want to ask these questions but they don't due to fear of rejection or a backlash if your potential spouse is hesitant to follow this guide and methodology then perhaps they're not sincere about you or marriage should you come up with a question of your own that I have not covered ask it and let me know too so I can add it to this guide marriage is a life commitment and having a sudden crush is not good enough to sustain it a marriage must go deeper than that continue inside the book how the marriage guide came into being how to ask these questions and the 100 questions to ask each other before getting married

all the truth you need to know about him before your wedding many marriages crash today because of incompatibility because the couples did not take the time out to ask very important questions about each other others allowed love blind their judgment or simply did not know the type of questions to ask their significant other this book provides very important questions that should be asked by all intending couple before they say I do most of the questions in this book are sensitive and I deliberately want it that way because those sensitive questions you avoid to ask before walking the aisle will come back to hurt you when you are married questions ranging from finance beliefs sex family background his strength weakness his fear etc this book can be used together with your partner in a question and answer session with the assurance of total openness and honesty or you could list out some of the questions and ask your partner systematically anytime you guys are together or go on a date make sure not to bombard your partner with too much questions as this could put them off in his landmark bestseller before you walk down the aisle Gary C.
