microcredit has been seen in recent decades as having great potential for aiding development in poor developing countries with bangladesh being one of the countries which has pioneered microcredit and implemented it most widely this book based on extensive original research explores how microcredit works in practice and assesses its effectiveness it discusses how microcredit usually channelled through women is often passed to the men of the family a practice disapproved of by some but regarded as acceptable by borrowers who have a communal approach to debt rather than

viewing debt as something held by single individuals the book demonstrates how the rules around microcredit are often seem as irksome by the borrowers how lenders often charge high rates of interest and work primarily to preserve their institutions thereby going against the spirit of the microcredit movement and how borrowers often end up on a downward spiral deeper and deeper in debt overall the book argues that although microcredit does much good it also has many drawbacks

microfinance has emerged as a growing field as more businesses discover the benefits and opportunities it provides to ensure that microfinance is utilized appropriately further study on the best practices and difficulties is required the research anthology on microfinance services and roles in social progress considers the ways in which microfinance can be utilized to achieve social progress as well as the challenges and opportunities of this area covering key topics such as income small businesses entrepreneurship and credit this major reference work is ideal for industry professionals government officials computer scientists entrepreneurs business owners managers policymakers researchers scholars practitioners instructors and students

well meaning westerners want to find ways to help the less fortunate today many are not just volunteering abroad and donating to international nonprofits but also advancing innovations and launching projects that aim to be socially transformative however often these activities are not efficient ways of helping others and too many projects cause more harm than good reimagine global philanthropy shares the journey of a conservative banker and a progressive professor to find a better way forward kirk s bowman and jon r wilcox explain the boom in the global compassion industry revealing the incentives that produce inefficient practices and poor outcomes instead of supporting start up projects with long shot hopes for success they argue we can dramatically improve results by empowering local leaders applying lessons from the success of community banks bowman and wilcox develop and implement a new model that significantly raises philanthropic efficacy their straightforward and rigorously tested approach calls for community members to take the lead while outside partners play a supporting role bowman and wilcox recount how they tested the model in brazil demonstrating the value of giving people in marginalized communities the opportunity to innovate in a time of widespread social reckoning this book shows how global philanthropy can confront its blind spots and failures in order to achieve truly transformative outcomes readers can access five of the documentary films discussed in the book on a companion website in addition to the films chapter discussion questions and other supplemental materials are also available at the site

a unique two volume examination of the progress women have made in achieving political equality women and politics around the world addresses both transnational and gender related issues as well as specific conditions in more than 20 countries women and politics around the world a

comparative history and survey is an exploration of the role of women in political systems worldwide as well as an examination of how government actions in various countries have an impact on the lives of the female population women and politics around the world divides its coverage into two volumes the first looks at such crucial issues facing women today as health policy civil rights and education comparing conditions around the world the second volume profiles 22 different countries representing a broad range of governments economies and cultures each profile looks at the history and current state of women s political and economic participation in a particular country and includes an in depth look at a representative policy the result is a resource unlike any other one that gives students researchers and other interested readers a fresh new way of investigating a truly global issue

effective community development means that many different stakeholders have to work together governments development organizations and ngos and most importantly the people they serve knowledge partnering for community development teaches community development professionals how to mediate community needs and development agendas to make community based solutions for development challenges based on the newest research in community and global development eversole shows readers a strong research and theoretically based framework for understanding local development processes and gives them the skills to turn this into cutting edge practice each chapter features global case studies of innovative community state partnerships and practical application exercises and strategies for professionals looking to bring new approaches to their research knowledge partnering for community development is essential for community workers and students of community development looking to bridge the gap between research insight and best practice between community actors

afro eurasia assessing sustainability focuses on the geographic area where humans originated and first began to make use of the natural world earth s largest landmass stretching from portugal in the west across the steppes of russia and south across africa to the cape of good hope by examining the history of human expansion as well as 21st century pressures to address ecosystem damage across the region international scholars and regional experts weave sustainability into core curricular subjects the interdisciplinary coverage includes national and regional environmental histories as well as business and commerce migration educational institutions law and government and the lifestyles of diverse populations

from the publisher natural resources and sustainable development is part of the global issues series which is designed to be a first stop resource for research on the key challenges facing the world today each volume contains three sections beginning with an introduction that clearly defines the issue followed by detailed case studies of the issue s impact in the united states and several other countries or regions the second section draws together significant u s and international primary source documents and the third section gathers useful research tools such as brief biographies

facts and figures an annotated bibliography and more a foreword written by an expert in the field complements each volume a chronology glossary and index provide additional help there are more than 6 billion people living on earth today and the united nations predicts this number will surge to 9 1 billion by the year 2050 however the natural resources needed to sustain the world s population including freshwater arable land and fossil fuels are dwindling in order to achieve sustainable development the stress exerted on the environment by the world s population will have to be controlled through reduced rates of consumption natural resources and sustainable development explores the impact that overconsumption has had on natural resources in the united states china india germany and brazil it analyzes strategies that governments can use to reduce energy consumption and discusses the ongoing efforts to find alternative sources

a unique two volume examination of the progress women have made in achieving political equality worldwide women and politics around the world addresses both transnational issues and specific conditions in approximately 30 different countries

a path of our own tells the story of pomatambo a village in one of the poorest parts of peru s highlands adam webb brings to life the experiences of three generations of these humble peasants as they have been confronted by the modern world and tried to find a place in it through a land reform a bloody maoist insurgency and the economic turbulence of more recent years pomatambo has looked for a way to break out of dire poverty while staying true to its own values and identity but this is much more than the story of one village pomatambo s tale of hard times mirrors how traditional communities all over the world have been ill served by the dominant ideologies of the twentieth century webb s poignant and insightful narrative demonstrates that the governments and movements of both right and left have not only failed to deliver for the rural poor but also have assaulted much that they hold dear he maps out a vision of how traditional communities like pomatambo can reclaim the future rather than surrender to others plans for them and he imagines an economy of values that at last could bring a just and decent prosperity to the countryside of the global south and elsewhere

a billion bootstraps unearths the roots of the microcredit revolution revealing how the pioneering work of people such as dr muhammad yunus winner of the 2006 nobel peace prize is giving hope to billions philanthropist and self made millionaire phil smith and microcredit expert and consultant eric thurman provide a riveting narrative that explores how these small loans arranged by barefoot bankers enable impoverished people to start small businesses support their families and improve local economies by paying back their loans instead of simply accepting handouts men and women around the world are continually giving others the same opportunity to change their futures

this is the stunning story of microcredit it is the story of a liberation movement that is empowering millions of people with small loans the miracle is that such small amounts of money by western standards have such a dramatic impact on the lives of hundreds of millions of people around the world the vast majority of them women it is the story of the poor who have built small enterprises with the help of tiny loans and as capitalists have begun to pull themselves out of poverty this story of microcredit and the millions of lives it has uplifted has the power to enlist the good will and participation of those people seeking ways to make a difference in the world

a compelling call to carry god s mercy and compassion to the hurting people of this world this eminently practical book by two leading experts in the field of poverty reduction offers a clear plan to help ordinary christians translate their compassion into thoughtful action authors peter greer and phil smith draw on their personal experiences to provide proven solutions for effectively reducing poverty with photographs by jeremy cowart included throughout the poor will be glad examines the pitfalls of traditional approaches and outlines a new model of economic development aimed at breaking the cycle of dependency through microfinance and employment based solutions people who share god s heart for the poor can reorient their efforts from giving handouts to offering a hand up helping others provide for their families and regain their dignity this book provides straightforward guidance for individuals and groups eager to carry god s justice mercy and compassion to the hurting people in our world
