this book had me hooked from the start a wonderfully told and often quite frank story of an incredible sportsman and his life from a child up to his amazing tour de france and olympic victories on july 22 2012 bradley wiggins made history as the first british cyclist to win the tour de france ten days later at the london olympic games he won the time trial to become his country s most decorated olympian in an instant wiggo now sir bradley marc wiggins became a national hero two years previously however wiggins had been staring into the abyss his much

hyped attempt to conquer the 2010 tour de france had ended in public humiliation poor results and indifferent form left him facing release from team sky and then he was hit with the tragic news of the death of his grandfather george the man who had raised him as a young boy at rock bottom wiggins had to reach deep inside and find the strength to fight his way back outspoken honest intelligent and fearless wiggins has been hailed as the people s champion in my time he tells the story of the remarkable journey that led him from his lowest ebb to win the world s toughest race he opens up about the personal anguish that has driven him on and what it s like behind the scenes at team sky the brutal training regimes the sacrifices and his views on his teammates and rivals he talks too about his anger at the specter of doping that pursues his sport how he dealt with the rush of taking olympic gold and above all what it takes to be the greatest
