sultans spices and tsunamis the incredible story of the world s largest archipelago indonesia is by far the largest nation in southeast asia and has the fourth largest population in the world after the united states indonesian history and culture are especially relevant today as the island nation is an emerging power in the region with a dynamic new leader it is a land of incredible diversity and unending paradoxes that has a long and rich history stretching back a thousand years and more indonesia is the fabled spice islands of every

school child's dreams one of the most colorful and fascinating countries in history these are the islands that europeans set out on countless voyages of discovery to find and later fought bitterly over in the 15th 16th and 17th centuries this was the land that christopher columbus sought and magellan actually reached and explored one tiny indonesian island was even exchanged for the island of manhattan in 1667 this fascinating history book tells the story of indonesia as a narrative of kings traders missionaries soldiers and revolutionaries featuring stormy sea crossings fiery volcanoes and the occasional tiger it recounts the colorful visits of foreign travelers who have passed through these shores for many centuries from chinese buddhist pilgrims and dutch adventurers to english sea captains and american movie stars for readers who want an entertaining introduction to asia's most fascinating country this is delightful reading

a readable well informed and comprehensive history of indonesia and its peoples from ancient origins to the present day a new title in the short histories of asia series edited by milton osborne

the narrative of indonesia's past is intricately woven with its geographic positioning abundant natural resources a tapestry of human migrations historic interactions conflicts economic dynamics and political shifts situated along the equatorial belt in southeast asia indonesia comprises a vast archipelago of 17 000 to 18 000 islands of which 8 844 are named and 922 are permanently inhabited this unique geographical layout nestled within strategic sea lanes has long facilitated extensive inter island and global trade shaping the nation's historical trajectory the mosaic of indonesian society reflects the diverse tapestry of human migrations fostering a rich spectrum of cultures ethnicities and languages the varied landforms and climates across the archipelago have profoundly influenced agricultural practices trade networks and the evolution of state structures notably indonesia's modern borders closely mirror those established during the era of the dutch east indies in the twentieth century archaeological evidence suggests human habitation in the indonesian archipelago dates back at least 1 5 million years with remnants of homo erectus famously known as the java man and their tools discovered in the region the arrival of austronesian peoples from taiwan around 2000 bce laid the foundation for the cultural fabric of contemporary indonesia subsequent centuries witnessed the rise of maritime powers like the srivijaya empire which flourished from the 7th century ce disseminating hindu and buddhist influences across the region

this pioneering volume traces the history of the region which became indonesia from early times to the present day in over three hundred specially drawn full colour maps with detailed accompanying text in doing so the atlas brings fresh life to the fascinating and tangled history of this immense archipelago beginning with the geographical and ecological forces which have shaped the physical form of the archipelago the historical atlas of indonesia goes on to chart early human migration and the changing distribution of ethnic groups it traces the kaleidoscopic pattern of states in early indonesia and their gradual incorporation into the netherlands indies and eventually into the republic of indonesia

dealing with new order perceptions of the past this study gives insights into how the past can be used for purposes of national building and regime legitimization and into the nature of the new order the suharto regime created a coherent history that is reflected in recent archaeological and historical research in popular histories and biographies in monuments and in school textbooks the author describes an official history stretching from the proto indonesia of majapahit through the indonesian revolution up to the birth of the new order in 1965 he also gives a counterview to this history stressing indonesia s place in the larger islamic world the past emphasized political stability and national unity under the guidance of the military and socially disruptive ideas were to be avoided

culturally and politically indonesia is one of the more complex countries in the world with 336 ethnic groups speaking 583 languages and dialects it is only recently that these people have been contained within one political framework throughout most of history indonesia s inhabitants were divided politically in many different ways as a bewildering array of kingdoms and empires rose and fell within the region since independence in 1945 one of the challenges indonesia faces is constructing a unified national identity through six chapters drakeley discusses indonesian history beginning with settlement and social development in 5 000 bce through the colonial era the independence movement the sukarno era and the soeharto era to the 2004 elections ideal for students and general readers the history of indonesia is part of greenwood s histories of modern nations series with over thirty nation s histories in print these books provide readers with a concise up to date history of countries throughout the world reference features include a biographical section highlighting famous figures in indonesian history a timeline of important historical events a glossary of terms and a bibliographical essay with suggestions for further reading

with a history of indonesia readers will take a captivating trip through the colorful and vibrant history of one of the most amazing archipelagos in the world indonesia s story is one of resiliency diversity and creativity from its prehistoric origins as a crossroads of trade and culture to its contemporary identity as a dynamic and diversified nation i delves deeply into history to reveal the complex history of indonesia following its development from the strong maritime kingdoms of majapahit and srivijaya to the dutch colonial era and the country s freedom efforts readers will meet the heroes and heroines who have influenced indonesia s history through painstaking research and captivating narrative from contemporary leaders to mythical emperors however this book celebrates the nation s rich cultural legacy as well as its continuous pursuit of development and unification it is more than just a history of previous events indonesia boasts equally stunning natural beauty and cultural diversity as its history with destinations ranging from the verdant rainforests of sumatra to the unspoiled beaches of bali and the energetic streets of jakarta readers will obtain a greater understanding of the traditions customs and values that characterize indonesian society via the accounts of artists activists and common indonesian citizens it aims to enlighten amuse and inspire readers regardless of their interest in history travel or just discovering the lesser known tales of this fascinating country discover the amazing history of indonesia a tale that captivates readers everywhere and get ready to be taken to a world of antiquated marvels contemporary difficulties and enduring legacies

under the new order regime 1967 98 the indonesian military sought to monopolise the production of official history and control its contents the goal was to validate the political role of the armed forces condemn communism and promote military values a detailed examination of the indonesian military s image making under suharto

a wide flung archipelago lying between the pacific and indian oceans indonesia is the world s most populous islamic country for over two thousand years it was a crossroads on the major trading route between china and india but it was not brought together into a single entity until the dutch extended their rule throughout the netherlands east indies in the early part of the 20th century declaring its independence from the dutch in 1945 the republic of indonesia was ruled by only two regimes over the next half century throughout the years the country has continued to be dogged by an inefficient bureaucracy and by perpetual problems of corruption however since 2004 indonesia has successfully carried out four direct elections for president together with an equal number of elections for legislative bodies at all levels of government and has finally in 2014 elected a president with no ties to either the military or to the previous authoritarian power structure this third edition of historical dictionary of indonesia contains a chronology an introductory essay appendixes and an extensive bibliography the dictionary section has over 900 cross referenced entries on important personalities politics economy foreign relations religion and culture this book is an excellent access point for students researchers and anyone wanting to know more about indonesia

based on new datasets this book presents an economic history of indonesia it analyses the causes of stagnation of growth during the colonial and independence period making use of new theoretical insights from institutional economics and new growth theory the book looks at the major themes of indonesian history colonial exploitation and the successes and limitations of the post 1900 welfare policies the price of instability after 1945 and the economic miracle after 1967 the book not only discusses economic change and development or the lack thereof but also the institutional and socio political structures that were behind these changes it also presents a lot of new data on the changing welfare of the indonesian population on income distribution and on the functioning of markets for rice credit and labour concluding with a discussion on whether the poor profited from the economic changes this book is a useful contribution to southeast asian studies and international economics

discover the captivating history culture and people of indonesia in this comprehensive book with chapters covering everything from early human migration to the future of indonesia s global role this book offers an in depth exploration of one of the most diverse and fascinating countries in the world learn about the rise and fall of ancient empires the impact of colonialism on indonesian society the struggle for independence and the challenges and successes of modern democracy from natural disasters to artistic expressions this book covers it all including the mouthwatering culinary delights of indonesia whether you re a student traveler or simply a curious reader this book is a must read you won t find a more comprehensive and engaging exploration of indonesia s history and culture anywhere else get your copy today and delve into the vibrant and complex world of indonesia

the author offers a reconstruction of regional variations in the growth of the indigenous population of indonesia from 1880 till the japanese invasion in 1942 the demographic components of population growth migration fertility and mortality are not only presented as demographic statistics but also interpreted as the aggregate effects of major events in the lives of indigenous people hence migration is described in relation to employment opportunities the social structure and tradition fertility is examined in the light of aspects of family formation including marriage customs and birth control practices and mortality is linked to epidemics and western health care

studies on indonesian history commonly deal with issues revolving around the nation s politics religion and identity however the development of human civilization does not always occur in merely these three aspects other aspects such as technological and scientific advancement are also factors which contribute to the progress of human life unfortunately it is uncommon for the academic discipline of history to tackle such issues especially with a more particular focus on indonesia dealing with these two major themes may also pose some difficulties to understand recent technological and scientific developments understanding our ancestors ways of survival cultivation and belief system becomes necessary nonetheless without using manuscripts or conducting interviews with local people of a particular place information regarding our ancestors way of life would become mere stories to overcome these obstacles dissecting history and articulating the past is produced as an edited volume which explores these issues particularly in the space of indonesia to provide more comprehensive information indonesia s relation with its neighboring countries such as malaysia and australia is also presented in this edited volume this edited volume consists of 7 parts each of which examines particular issues 1 history of indonesian infrastructures 2 history and indonesian politics 3 history and social issues 4 history and transnational relation 5 history and economics 6 religion in indonesian history 7 history and manuscripts the chapters of the edited volume are written by researchers from particular regions in indonesia in studying their places of origin these researchers write the chapters with emotional attachments uniquely belonging to them such emotional attachments result in findings with unique perspectives which differ from those of foreign and other indonesian researchers who have studied the same location at the same time researchers who present their findings on indonesia malaysian or indonesia australia relation along with the life of society in respective countries also make fresh contributions to existing repository of historical writings on politics and international relations with diverse issues explored and investigated this edited volume will prove to be useful for not only historians but also researchers from different academic disciplines whose focus of research is related to technology and culture
