analyzing the grammar of english offers a descriptive analysis of the indispensable elements of english grammar designed to be covered in one semester this textbook starts from scratch and takes nothing for granted beyond a reading and speaking knowledge of english extensively revised to function better in skills building classes it includes more interspersed exercises that promptly test what is taught simplified and clarified explanations greatly expanded and more diverse activities and a new glossary of over 200 technical terms analyzing the grammar of english is the only english grammar to view the sentence as a strictly punctuational construct anything that begins with a capital letter and ends with a period a question mark an exclamation mark or three dots rather than a syntactic one and to load in consequence all the

necessary syntactic analysis onto the clause and its constituents it is also one of the very few english grammars to include alongside multiple examples of canonical or standard language occasional samples of stigmatized speech to illustrate grammar points students and teachers in courses of english grammatical analysis english teaching methods tesol methods and developmental english will all benefit from this new edition

the purpose of this book english like all languages is full of problems for the foreign learner some of these points are easy to explain for instance the formation of questions the difference between since and for the meaning of after all other problems are more tricky and cause difficulty even for advanced students and teachers how exactly is the present perfect used when do we use past tenses to be polite what are the differences between at on and in with expressions of place we can say a chair leg why not a cat leg when can we use the expression do so when is the used with superlatives is unless the same as if not what are the differences between come and go between each and every between big large and great between fairly quite rather and pretty is it correct to say there s three more bottles in the fridge how do you actually say 3 x 4 12 and so on and so on practical english usage is a guide to problems of this kind it deals with over 600 points which regularly cause difficulty to foreign students of english it will be useful for example to a learner who is not sure how to use a particular structure or who has made a mistake and wants to find out why it is wrong it will also be helpful to a teacher who is looking for a clear explanation of a difficult language point there is very full coverage of grammar as well as explanations of a large number of common vocabulary problems there are also some entries designed to clarify more general questions e g formality slang the nature of standard english and dialects which students and teachers may find themselves concerned with
