3 in 1 governing a global financial centre provides a comprehensive understanding of singapore s past development and future success as a global financial centre it focuses on three transformational processes that have determined the city state s financial sector development and governance globalisation financialisation and centralisation and their impacts across three areas the economy governance and technology more

importantly this book takes a multidimensional approach by considering the inter related and interdependent nature of these three transformational processes just like the 3 in 1 coffee mix that is such an ubiquitous feature of everyday life in singapore the individual ingredients of singapore s success as a global financial centre do not act alone but as an integrated whole that manifests itself in one final product the global financial centre

an historical empirical doctrinal and comparative case study of how a former british colony became china s international financial centre

based on previously unpublished archival records this book studies the origins of hong kong s post war rise to global prominence it explores the expansion of the gold market stock market banking system foreign exchange market and insurance in the years 1945 1965 this book makes a significant contribution to our understanding of the developme

contents include an overview and policy recommendations case studies which include australian content international perspectives and issues and findings

governments or at least the clever ones among them are aware of the factors guiding business activities in the course of adopting and enforcing economic legislation they seek to attract business activities in order to increase national income and fiscal revenues generate employment opportunities and very generally please voters hence economic law may be considered an economic good as suggested by the title of this book that function which most rules of economic law have in the competition of systems was strengthened by the worldwide liberalization of trade today it is of greater significance than ever before lawyers economists academics and practitioners from inside and outside germany have taken a look at the facts and have discussed approaches to conceptualizing them the resulting 30 essays collected in this volume contribute to the interpretation of existing and the making of new economic law

running the markets the baltic mercantile and shipping exchange the gold and silver bullion markets the future of futures nine the bank of england the paradoxical old lady how the bank is run the bank as a bank the bank and the markets monetary control policing the city ten where the city goes now parasite or paragon behind closed doors the global market index

originally published in 1979 inside the city looks at the city of london as one of the important financial centres in the world the book provides an interesting insight into the city as a major centre of international banking asking key questions such as how long the city can last as a major centre how do its services compare with other centres and what it can do to maintain its present position the book examines how the great network of markets and institutions that make up the city operated when the book was

written providing key chapters on the stock exchange institutional and private investors the banking world including foreign and merchant banks the commodity and money markets euromarkets sterling and insurance this book will be of interest to those studying or researching in the field of economics and finance

the development of international financial centers ifcs has paralleled the rapid expansion of international banking and eurocurrency activities during the past decade and a half the international banking and financial markets have experienced phenomenal growth along with the parallel expansion of ifcs the size of the eurocurrency market grew from 110 billion in 1970 to over 4 000 billion by 1987 while the total international assets of all banking institutions rose from 130 billion to 4 800 billion during the same period some of the preeminent ifcs are playing a major role in the international financial markets as demonstrated by the size of their international assets bahamas 144 billion cayman islands 174 billion singapore 150 billion hong kong 130 billion bahrain 46 billion and panama 32 billion the patterns of euroborrowing and eurolending activities in these ifcs have been undergoing major changes these changes came about as a result of the introduction of the floating exchange rate system in 1973 recent financial deregulation internationalization of the financial markets securitization of financial assets and liabilities and global financial innovations since the pioneering work of kindleberger in 1974 on the formation of financial centers there has not been a comprehensive study to reflect the recent developments trends and the mystique that have surrounded the ifcs functions and operations in the international money and capital markets

this book analyzes the role of hong kong as a prominent financial centre issues such as taxonomy of financial centres reasons for hong kong s past success competition from other centres policy issues and speculation upon hong kong s future are discussed

this book provides unique insights into the politics of finance and the socio political relations which drive financial policymaking in hong kong singapore and shanghai while the existing literature in the field focuses mainly on economic explanations for financial centre development this book fills a gap by focusing on the socio political relations which underpin the financial policy making process drawing on extensive interviews with senior policy makers and financial sector professionals the book describes how state industry relations drive financial policy making in three major financial hubs insights and policy recommendations drawn from these interviews will be particularly useful for policy makers and financial sector professionals hoping to draw lessons from the successful development of the three leading asian financial centres business and politics in asia s key financial centres draws on public policy theoretical frameworks for its analytical basis the three chapters focusing on the historical development of hong kong singapore and shanghai also provide a consolidated narrative with regard to the development of these three cities as leading financial centres while also serving as

independent case studies scholars focusing on policy processes and political factors that underpin financial sector development as well as instructors and students of public policy international political economy and financial sector policy will find this book useful for their research

seminar paper from the year 2016 in the subject business economics banking stock exchanges insurance accounting lucerne university of applied sciences and arts banking finance language english abstract switzerland is one of the most recognised countries for financial services and consists of four main financial centres basel geneva lugano and zurich banking sector can be classified as one of the main contributors in switzerland s financial sector the following paper addresses two main financial centres in switzerland as ranked seventh and 13th respectively by the global financial centres index zurich and geneva according to the last gfi report the top financial centres of the world are very well developed sophisticated and cosmopolitan cities in their own right successful people are attracted to successful cities and it is perhaps no surprise that these centres are ranked so high by financial services professionals both financial centres profit from switzerland s environment which provides legal stability and high living standards and as a result both financial clusters play an important role in the global business of finance this paper aims to analyse the current situation as well to provide an outlook for the future due to the limited time as well the limited scope this paper focuses only on the banking sector mainly analysing twelve major financial institutions with a strong national presence section 2 covers the background and history of both financial centre geneva and zurich section 3 provides a short overview of the market structure of the financial sector as a whole in each financial centre describing the number of market participants as well as the offered products and services section 4 contains information regarding the competition in both financial clusters in switzerland and measures competition using the herfindahl hirschman index hhi on two selected examples section 5 provides an empirical analy
