a provocative and vivid minneapolis star tribune look at the primitive cultures that have given many gifts to the modern world and how their very existence is now threatened this book should serve as a wake up call to people everywhere library journal in indian givers and native roots renowned anthropologist jack weatherford explored the clash between native american and european cultures now in savages and civilization weatherford broadens his focus to examine how civilization threatens to obliterate unique tribal and ethnic cultures around the world and in the process imperils its own existence as weatherford explains the relationship between civilized and savage peoples through history has encompassed not only violence but also a surprising degree of cooperation mutual influence trade and intermarriage but this relationship

has now entered a critical stage everywhere in the world as indigenous peoples fiercely resist the onslaught of a global civilization that will obliterate their identities savages and civilization powerfully demonstrates that our survival as a species is based not on a choice between savages and civilization but rather on a commitment to their vital coexistence

the bounty from the beach is a collection of cross disciplinary essays capitalising on a widely shared fascination for the bounty story in order to draw scholarly attention to oceania it aims to reorient the bounty focus away from the west where most bountynarratives and studies have emerged to the pacific where most of the original events unfolded it investigates the bounty heritage from the standpoint of the beach greg dening s metaphor for culture contact and conflict in the pacific islands this liminal place that transforms islanders and voyagers islands and ships each time it is crossed it analyses the way newcomers create new islands and how these changes may occasionally impact the world this volume examines the little people to use another of dening s expressions who stand on both sides of the beach they are polynesian or european or as beaches are crossed and remade no longer one without the other but bound together in processes of change among these people are bounty sailors beachcombers pitcairners and indigenous pacific islanders of the past and the present this collection also explores the works of some renowned western writers and actors who turning mutineers after their own fashion and in their own times themselves crossed the beach and attempted to illuminate the little people involved in the bounty narratives these prominent writers and actors put the spotlight on characters who were silenced on account of race class or geographical distance from the dominant centres of power inspired by dening s empowering voice our purpose is to fill that silence just as it criss crosses the ocean progressing with the ship through time and space thebounty from the beach ranges far and wide across disciplines methodologies and scholarly styles its multidisciplinary course contributes to illuminate the multiple ways in which the bounty heritage embraces diverse horizons it throws light on the colonial discourse that undertook to stifle pacific islander agency and the neocolonial policies that have been applied to oceania and still are hegemonic moves that have led to global environmental nuclear and ecological hazards as a whole the collection contends that what unfolds in this vast ocean matters the stakes are high for the whole human community

jack london has long been recognized as one of the most colorful figures in american literature he is america s most widely translated author into more than eighty languages and although his works have been neglected until recently by academic critics in the united states he is finally winning recognition as a major

figure in american literary history the breadth and depth of new critical study of london s work in recent decades attest to his newfound respectability london criticism has moved beyond a traditional concerns of realism and naturalism as well as beyond the timeworn biographical focus to engage such theoretical approaches as race gender class post structuralism and new historicism the range and intellectual energy of the essays collected here give the reader a new sense of london s richness and variety especially his treatment of diverse cultures having in the past focused more on london s personal world we are now afforded an opportunity to look more closely at his art and the numerous worlds it uncovers

when the first europeans arrived in the hawaiian islands in 1778 the volcano goddess pele was the central deity of a complex religion in the volcano districts of hawai i island while native hawaiians were quickly converted to christianity pele remained remarkably relevant as a deity this book is a critical biography of the volcano goddess as well as a history of her religion topics covered include the ongoing belief in pele her popular manifestations her ceremonies her new cultural roles and her current status in hawai i
