who doesn't want a liberated life jesus offers us liberation as we grow in a christian spiritual life but first we need to liberate our concept of christian spirituality from ideas that relegate it to church on sunday new age self help devotional or ascetical practices or fundamentalist aggression traditionally christian spirituality liberates jesus disciples from personal sin and helps them to challenge sin's social consequences so that once liberated they will work to liberate others christian spirituality living the gospel brings good news for the poor liberty for the captives recovery of sight for the blind and freedom for the oppressed this is what jesus came to do and this is what we as his disciples are called to do as we live our christian callings in the world whether we are at home work or play we are called to be christian beyond piety invites readers to grow in their understanding of what it means to be a disciple of christ more than a book on franciscan or hispanic spirituality this book is about the christian spirituality all christians are called to live it is about our human and christian identity and the god we believe in it is about getting to know the word of god and letting that word get to know us it is about worship and religious devotion and moving beyond piety to christian action it is about the call to justice and liberation

by way of the heart comes from the pen of an experienced master anyone who reads it will find a sure guide along a path that leads to wholeness enlightenment and to god william johnston s j

the personal response of the christian to god in addition to the doctrinal and theological history of the catholic faith it is essential that we add the history of christian spirituality namely the very way that christians have made their personal response to the god who reveals himself to his people through jesus christ this course surveys important spiritual movements the rich diversity of spiritual insight that has marked the history of christianity starting from the early desert fathers the founding of the great religious orders christian mysticism 19th and 20th century catholic spiritual contributions and more in taking a look at the history of christian spirituality in this way one ultimately comes to a deeper understanding of man's proper relation to god and how he ought to respond to god's love the uniqueness of christian spirituality the primary truth of christian spirituality is that god entered his world personally as john's gospel chapter 1 14 states the word became flesh and dwelt among us god crowns creation with his personal physical presence pouring himself out in a new covenant whereby he has forever united himself to the human race in the incarnation of the word the catholic focus on the material world is vindicated against all those ancient and modern pessimisms that seek to denigrate the dignity of man on one side or remove god from the world of men on the other it is only christian spirituality that safeguards the truth about man and god since together they are united in a freedom of grace by which the world is saved the history of christian spirituality a study of the history of christian spirituality reveals that the christian quest for holiness and perfection is marked by certain principles and characteristics the early christians unlike christians of today did not accommodate the faith to the age the early christians converted out of a culture and they lived in contrast to it

the life of the earliest christians was liturgical especially in the sense that as today it centered on the eucharist the public worship of the church done in obedience to christ s command to the apostles at the last supper do this in remembrance of me the social dimension of christian life is seen in the earliest christians who lived in community according to the acts of the apostles christians held all their possessions in common and distributed to everyone according to his need acts 4 35 a path for everyone perhaps the greatest truth about the achievement of christian holiness is that it is open to all who wish to travel its path it is not reserved for the few but is meant for the many one of the greatest voices in the history of christian spirituality st bernard of clairvaux believed that man s own free will was the key to the christian life and thus perhaps we should take his words to heart no one can be perfect who does not desire to be more perfect and he shows himself to be more perfect in the measure that he aspires to be more perfect

evan howard a noted authority on christian spirituality provides a holistic accessible and informed introduction to christian spiritual formation written from a broadly evangelical perspective howard joins scripture with themes of community spirit formation and mission in a single integrative guide the book includes helpful features such as figures charts chapter overviews and formation focused questions its evangelical ecumenical and global perspectives will appeal to a wide audience resources for professors and students are available through baker academic s textbook esources
