although the period of student protests of the 1960s and 1970s has long passed alain touraine argues in this wide ranging and vigorous essay that the period s problems remain with us higher degrees have become less and less valuable on the labor market and the demand for academic reform has become more intense community colleges still try to provide equal educational opportunities for the poor and the minorities without much success and the university has not yet resolved the conflict between being the home of impartial inquiry and research and serving constituent interests touraine views american higher education as a system within a definite though changing social context he compares u s student movements with those of other countries he is skeptical about the way americans view the relationships between the university and what he regards as the ruling forces of the society between knowledge and power between production and education he offers no facile solutions but he presents an exciting nontraditional analysis of the social and political forces that have shaped the modern history of higher education in the new introduction clark kerr contrasts his own views as an american observer to those of touraine as a french intellectual he asserts that the family not higher education is the most important school in the process of reproducing society kerr places more emphasis than does touraine on the labor market on the production functions training of skills and advancing technology of the vast nonelite segments of american higher education on the long term impacts of science in changing society and on scholarly criticism in affecting transformations and places less emphasis on sporadic political protests by faculty and students he agrees with touraine however in his two great themes 1 that you cannot understand the academic system unless you first understand society and 2 that the rise of the university must be understood to understand modern society where knowledge is power this volume will be important to all those interested in higher education whether as participants or observers

donald trump s astonishing rise to the us presidency challenges conventional understandings of american politics yet he is distinctively american his biography and family lineage reflect

american traditions such as real estate hucksterism and buccaneering salesmanship but trump's pugnacity also reflects the shadow of other darker american traditions of misogyny racism and xenophobia patterns that formed what thorstein veblen called a sclerosis of the american soul using veblen's theory of american development to explore the nation's curious fusion of barbarism and liberal democracy veblen's america taps the rich vein of the sociologist's early twentieth century insights to shed light on the trump phenomenon that has overwhelmed and threatened early twenty first century american democracy
