the first edition of nel noddings philosophy of education was acclaimed as the best overview in the field by the journal teaching philosophy and predicted to become the standard textbook in philosophy of education by educational theory this classic text originally designed to give the education student a comprehensive look at philosophical thought in relation to teaching learning research and educational policy has now been updated to reflect the most current thinking in the field a revised chapter on logic and critical thinking makes the topic more accessible to students and examines how critical thinking plays a role in light of the new common core standards philosophy of education introduces students to the evolution of educational thought from the founding fathers to contemporary theorists with consideration of both analytic and continental traditions this is an essential text not only for teachers and future teachers but also for anyone needing a survey of contemporary trends in philosophy of education

the philosophy of education an introduction encourages the reader to actively engage with the philosophy of education and the carefully selected contributors bring the philosophy of education to life for the reader each chapter focuses on a particular area of debate and explains the main concepts includes extracts from philosophical writing followed by questions that guide the reader to critically and actively engage with the text guides the reader towards further reading and suggests next steps and more challenging sources or counter pointed arguments the philosophy of education an introduction is essential reading for education students and for trainee teachers on undergraduate and postgraduate programmes it will also appeal to practicing teachers and educationalists who

wish to engage with philosophical approaches to contemporary educational issues

making sense of education provides a contemporary introduction to the key issues in educational philosophy and theory exploring major past and present conceptions of education teaching and learning this book makes philosophy of education relevant to the professional practice of teachers and student teachers as well of interest to those studying education as an academic subject the book is divided into three parts education teaching and professional practice issues concerning education the role of the teacher the relationship of educational theory to practice and the wider moral dimensions of pedagogy learning knowledge and curriculum issues concerning behaviourist and cognitive theories of learning knowledge and meaning curriculum aims and content and evaluation and assessment schooling society and culture issues of the wider social and political context of education concerning liberalism and communitarianism justice and equality differentiation authority and discipline this timely and up to date introduction assists all those studying and or working in education to appreciate the main philosophical sources of and influences on present day thinking about education teaching and learning

what is the aim of education in the 21st century is it to search for truth to improve the human condition or to bolster a country s economy and meet the workforce needs of the state or should the aim of education be focused on social academic cultural and intellectual development so that young people can grow up to be engaged and critical citizens these very searching questions questions about the nature of education are the concern of a particular area of philosophy philosophy of education in philosophy of education today the authors explore the various responses provided by different philosophies of education to these questions and discuss the ways in which different philosophies influence education and how education is understood the interactive nature of the text encourages readers to reflect critically on the various philosophies of education discussed and come to an understanding of what education might mean to them and their community

a clear brief broad spectrum survey of philosophies and philosophic issues relating to education highlighting the relationship between philosophic starting points and educational outcomes between theory and practice annotation copyrighted by book news inc portland or

philosophy is vital to the study of education and a sound knowledge of different philosophical perspectives leads to a deeper engagement with the choices and commitments you make within your educational practice this introductory text provides a core understanding of key moments in the history of western philosophy by introducing key transition points in that history it investigates the plight of present day education a period in which the aims and purposes of education have become increasingly unclear leaving education open to the rise of instrumentalism and the forces of capital accessibly written the book carefully analyses the common assumptions and conflicted history of education provoking questioning about its nature and purposes the authors argue vigorously that thinking critically about education from a philosophical perspective will give practicing and trainee teachers as well as students on undergraduate education and masters level courses a fuller command of their own role and context

from the dawn of civilization man has been marching in search of wisdom various experiments are projected through education so that humanity happiness and harmony be wedded together education is indispensable for making life and living meaningful and purposive its significance cannot be fully appreciated unless it is looked at in proper perspectives philosophical sociological and psychological the philosophical perspectives provide the basis of education in terms of values aims and objectives without a philosophical basis education tends to lose its direction in addition philosophy provides a framework within which education and educational problems can be discussed above all the nature of decisions is significantly determined by philosophy and education a philosophy of education is often adequate to make immediate resolution to conflicts thus philosophy of education is a comprehensive area of knowledge with an interdisciplinary approach keeping in view the significant bearing of philosophical basis of education on life

and society the present book philosophical foundation of education has been written it is an in depth study of all the aspects related to education beginning with the philosophical foundation of education the book analytically discusses education in relation to issues of human values freedom and discipline peace and democracy and its application in classroom teaching it also acquaints the readers with the indian philosophy of education apart from these it analytically presents the aims creativity role and human factors of education here the indian standard of education has been particularly studied it is hoped that the present book will prove immensely useful for the students and teachers of both education and philosophy even the general readers will find it highly informative
