in this groundbreaking book noted historian thaddeus russell tells a new and surprising story about the origins of american freedom rather than crediting the standard textbook icons

russell demonstrates that it was those on the fringes of society whose subversive lifestyles helped legitimize the taboo and made america the land of the free in vivid portraits of renegades and their respectable adversaries russell shows that the nation s history has been driven by clashes between those interested in preserving social order and those more interested in pursuing their own desires insiders versus outsiders good citizens versus bad the more these accidental revolutionaries existed resisted and persevered the more receptive society became to change russell brilliantly and vibrantly argues that it was history s iconoclasts who established many of our most cherished liberties russell finds these pioneers of personal freedom in the places that usually go unexamined saloons and speakeasies brothels and gambling halls and even behind the iron curtain he introduces a fascinating array of antiheroes drunken workers who created the weekend prostitutes who set the precedent for women s liberation including diamond jessie hayman a madam who owned her own land used her own guns provided her employees with clothes on the cutting edge of fashion and gave food and shelter to the thousands left homeless by the 1906 san francisco earthquake there are also the criminals who pioneered racial integration unassimilated immigrants who gave us birth control and brazen homosexuals who broke open america s sexual culture among russell s most controversial points is his argument that the enemies of the renegade freedoms we now hold dear are the very heroes of our history books he not only takes on traditional idols like john adams thomas jefferson andrew carnegie john rockefeller thomas edison franklin roosevelt and john f kennedy but he also shows that some of the most famous and revered abolitionists progressive activists and leaders of the feminist civil rights and gay rights movements worked to suppress the vibrant energies of working class women immigrants african americans and the drag queens who founded gay liberation this is not history that can be found in textbooks it is a highly original and provocative portrayal of the american past as it has never been written before

popular historian thaddeus russell offers a highly provocative and absorbing new perspective on america s history that will turn convention on its head and is sure to elicit as much controversy as it does support russell shows that drunkards laggards prostitutes and pirates were the real heroes of the american revolution slaves worked less and had more fun than free men prostitutes not feminists won women s liberation white people lost their rhythm when they became good americans without organized crime we might not have hollywood las vegas labour unions legal alcohol birth control or gay rights zoot suiters and rock and rollers not ronald reagan or the peace movement brought down the soviet union and britney spears will win the war on terror the more that bad people existed resisted and won the greater was our common good in a renegade history of the united states russell introduces us to the origins of america s identity as we have never seen it before

this ultrarevisionist work is provocative often interesting and often preposterous it appears to be a case of bottom up history gone wild the trend to view history from the standpoint of mass society is well established russell a historian and journalist has taken this approach much further he asserts that the driving force behind many historical developments in history was provided by so called marginalized groups outside the bounds of respectable

society so russell provides a rapid run through some episodes and social movements in u s history beginning with the meeting of the second continental congress his champions of liberty are not respectable men like adams jefferson and their ilk instead he finds the real thirst for freedom among the drunkards prostitutes and slaves who mix socially and have fun in philadelphia taverns and so on through the abolitionist feminist and civil rights struggles russell is hardly the first historian to notice the influence of the bottom of the social strata on culture but his constant idealization of the lives of these free and fun loving groups means readers should take everything with a heavy dose of skepticism publisher s description

for buddhists and non buddhists alike a guide of insightful lessons meditations and exercises designed for happiness and the good life incorporates microsoft tags within each chapter to give the reader bonus video material as well as action plans designed for unpackaged happiness

refuge for the outlaw

travel back in time with new york times bestselling author cynthia wright immerse yourself in the historically colorful american west and discover the adventurous romantic magic that s created when rogues go west brighter than gold in 1864 columbia california spirited katie mckenzie writes newspaper articles about the griffin a robin hood style highwayman who robs from the unscrupulous mine owners and gives back to the townspeople when roguish jack adams an adventurer with a secret rides into town one sleepy afternoon katie s life is changed forever in a renegade s embrace formerly titled fireblossom fox matthews a recent survivor of little bighorn is in no mood for love but when he meets proper madeleine avery in rollicking 1876 deadwood south dakota passion kindles in spite of the obstacles between them as cultures collide between new settlers and the lakota people fox and maddie discover the secrets of their own hearts the duke the cowgirl formerly titled wildblossom an english duke and a woman from the wild west that s a combination you just can t beat says author catherine coulter join impetuous shelby matthews daughter of fox and maddie as she manages the family ranch in cody wyoming and promptly loses half of it in a poker game to dashing geoffrey weston an english nobleman who has come to the west in search of adventure cynthia wright magically entwines passion and history kathe robin romantic times

the complete soldier son trilogy by international bestselling author robin hobb in today s crowded fantasy market robin hobb s books are like diamonds in a sea of zircons george r r martin

when tracing the course of development of ancient greek historiography one comes upon an astounding time gap of about 150 years stretching from around the middle of the 3rd century to the end of the 4th century ad in the first half of the 3rd century a rather numerous line up of historians writing in greek came to an end with dio cassius and herodian the lack of well known greek historians and extant works from this period is all the more surprising that in the history of imperium romanum this was a clearly defined

significant period of great political economic religious and cultural changes and breakthroughs among others this time brought the emergence of christian historiography eusebios of caesarea wrote the first ecclesiastical history and a universal chronicle this was also a period of great development in christian polemic literature which used historical motives for apologetic purposes and propaganda this heyday of christian historiography compared to a surprising decrease in the number of known histories written in greek by pagan authors formed the basis for a theory of the fall of pagan historiography in the second half of the 3rd century and in the 4th century

When somebody should go to the books stores, search instigation by shop, shelf by shelf, it is really problematic. This is why we give the books compilations in this website.
