for dear life chronicles feminist and artist carol jacobsen s deep commitment to the causes of justice and human rights and focuses a critical lens on an american criminal legal regime that imparts racist gendered and classist modes of punishment to women

lawbreakers jacobson's tireless work with and for women prisoners is charted in this rich assemblage of images and texts that reveal the collective strategies she and the prisoners have employed to receive justice the book gives evidence that women's lawbreaking is often an effort to survive gender based violence the faces letters and testimonies of dozens of incarcerated women with whom jacobson has worked present a visceral yet politicized chorus of voices against the criminal legal systems that fail us all their voices are joined by those of leading feminist scholars in essays that illuminate the arduous methods of dissent that jacobson and the others have employed to win freedom for more than a dozen women sentenced to life imprisonment and to free many more from torturous prison conditions the book is a document to jacobson's love and lifelong commitment to creating feminist justice and freedom and to the efficacy of her artistic legal and extralegal political actions on behalf of women

interdisciplinarity is significant in the age of globalization and digitalization it creates new opportunities through comparison and analysis of different findings and methods furthermore it expands the boundaries of each discipline each topic or phenomenon can be viewed under a whole new light instead of conventional or traditional methods interdisciplinary cooperation can lead to innovative approaches that can contribute to the value of each discipline involved it also requires respect and recognition between disciplines their independent positions could be questioned or justified based on their interrelationship moreover interdisciplinary work brings together diverse experts who cooperate and share their findings with each other in this sense interdisciplinarity can be seen as a dialogue between disciplines in this complex interaction a third field may emerge that transcends the boundaries of each independent discipline since relatively young translation studies has long been influenced by other disciplines its boundaries could be defined through interdisciplinarity in this book numerous translation scholars engage with the relationship between translation and other disciplines translation here is not only to be understood as a transmission of texts but in a broader sense as denoting a transformation of different phenomena that could be studied both as a product and as a process

edited by stephanie schwerter and jennifer k dick transmissibility and cultural transfer dimensions of translation in the humanities brings together monumental voices in the social sciences such as jean rené ladmiral from paris and peter caws from washington dc to begin to address the humanities specific issues with and debt to translation calling for a re examination of how translations are read critiqued and taught in philosophy history political science and sociology departments this book provides tools for reflection bases for reconsideration of given translations and historical observations on how thought has been shaped across national borders the volume ends with four case studies examples from auto translation in postcolonial literature cultural issues of translation in chinese language cinema negotiating meaning between linguistically and
