the grammar and lexis of conversational informal english in advanced textbooks defends the view that the acquisition of conversational english depends highly on the kind of materials available to l2 learners the need to acquire a proficient competence in english is growing exponentially in an incessantly demanding society but it is the oral skill and more specifically the ability to communicate in everyday situations that learners are calling for the current learning process nonetheless is not particularly effective as is shown in the data collected by the eurobarometer and published in june 2012 which shows that only 38 of the europeans surveyed were able to maintain a conversation in english although 67 believed it to be the most useful language to learn for personal development the present study supports the idea expressed in the common european framework of reference for languages which states that a language is learnt reactively following the instructions and carrying out the activities prescribed for them by teachers and by textbooks 2001 141 consequently these materials should reflect the everyday use of informal discourse and allow learners to analyse understand and interpret the different underlying messages conveyed by means of lexico syntactic as well as paralinguistic elements the book is divided into seven chapters in which various different linguistic aspects of conversation are dealt with in the opening chapters spoken language is presented and approached as a multidimensional entity particularly as the sum of lexico syntactic and socio linguistic elements the following chapters provide a description of the main characteristics of conversational english based on corpus informed grammars and publications the final chapter analyses twenty esl textbooks in order to determine how corpus data has influenced the materials designed for the acquisition of conversational discourse

a groundbreaking new textbook on english sentence structure for beginning students in colleges and universities

the history and development of english from the earliest known writings to its status today as a dominant world language is a subject of major importance to linguists and historians in this book a team of international experts cover the entire recorded history of the english language outlining its development over fifteen centuries with an emphasis on more recent periods every key stage in the history of the language is covered with full accounts of

standardisation names the distribution of English in Britain and North America and its global spread. New historical surveys of the crucial aspects of the language are presented and historical changes that have affected English are treated as a continuing process helping to explain the shape of the language today. This complete and up-to-date history of English will be indispensable to all advanced students, scholars and teachers in this prominent field.

A breath of fresh air for students and teachers of English and introductory linguistics, this major new textbook is carefully designed as a coursebook for group or individual study. An introduction to English language presupposes no prior knowledge of the sounds, words, sentences and meanings of English. Believing that the best way to learn is through listening and doing, the authors have packed this lively book full of worked examples and exercises drawn from a range of discourses to consolidate the student's knowledge, competence and enjoyment of the subject.

From English to Swedish I is a beginner's textbook for students who would like to learn basic Swedish level A1 of the European CEFR scale. Unlike most Swedish textbooks for beginners published in Sweden, it provides grammar explanations and text commentaries in English. Back cover.

Roots English 1 is an English language study book for beginner students who can read but are just starting to develop their English language skills. The textbook uses stories from an I Can Read book series levels 2 and 3 to build up students' reading comprehension and vocabulary. Roots English 1 also focuses

on basic grammar practice i.e. verbs, adjective, word order, time clauses, simple short story and sentence writing and more. The stories used in *Roots English* are big. Max, detectives don't come much smarter or smaller than Max. In this story, Max helps a king find his missing elephant. The Golly Sisters go west. Unlike Max, the Golly Sisters aren't so clever but they sure have fun on their adventure to move out west wherever that is. Frog and Toad all year. Frog and Toad is a story about 2 best friends living their lives together throughout the four seasons. Emma's strange pet. Little Brothers can be a pain but Emma is a great older sister. In this story about picking the right pet and living with it. *Roots English 1* helps guide students into both learning and enjoying English. Students who use this textbook will have many chances to practice reading, writing and speaking with the interesting and fun exercises throughout the book.
