nothing but the blood meditations on the blood of christ offers reflections on the things that caused jesus to bleed or that got bloody beginning in the garden of gethsemane where his sweat became drops of blood and going through the passion and crucifixion tom kingery invites readers to meditate on the whip the crown of thorns the purple robe the cross the nails the spear and the shroud the author invites readers to consider questions such as what does atonement mean and why is it so important why is the blood of jesus precious to each one of us how can the cares and riches and pleasures of life be like thorns that can choke faith what does it mean that pontius pilate found no crime in jesus think about what the blood of christ means in the life of a believer contemplate the extraordinary degree of suffering jesus endured and discover the depth of the sacrifice that he made for humanity with this devotional

presents the role communication plays in advancing society s and the individual s understanding of hiv aids with examples from around the globe it is of particular relevance to scholars in comm public health health psychology and related disciplines

dr w j jenkins in 1977 when the sheffield transfusion centre took delivery of the first groupomatic blood grouping machine in the uk it was equipped with a sample identification system involving complicated and expensive disposable punched cards in fact the cards were so expensive that dr wagstaff was unable to find the revenue to support the system a year later when brentwood took delivery of a groupomatic we were faced with the same problem but by chance we heard that kontron was developing a laser scanning system for bar code labels and we were able to have our machine modified subsequently the sheffield machine was altered to take the bar code scanner at about the same time the bristol centre was helping technicon with the development of the autogrouper c 16 and fortunately they decided on a laser reader of the same type for bar code identification thus there were three centres with the capability for reading bar codes on blood grouping machines and it became necessary to find someone to produce the bar code labels there was only one printer in the uk who could produce labels to the required specification to cut the costs of printing and in the hope of avoiding a wide variation in codes i invited representatives of centres interested in the problem to a meeting where we set up what we called the group of six this later became an official working party of the regional transfusion directors

capturing the real spirit of creativity in physiology this book explores the personal elements involved in scientific discovery circulation of the blood is the story of the people and achievements that have changed the way we ve come to view the human body the authors renowned for their extensive experience in the field examine the heritage of creative genius involved in physiology and trace the historical development of ideas relating to various aspects of
