very few of the cathar beliefs have spanned the centuries most of what is bandied about at present is derived from the files of the most holy inquisition the enemy terminator of the cathars because the cathars believed that the material world was at best an illusion it concerned then not at all what information or dis information they gave those hard at work painstaking dominican inquisitors in actual fact the advanced educated cathar perfecti professed one thing while believing something entirely different this book a cathar gnostic codex gives some specific insights into the dualist gnostic cathar philosophy be it terse blunt to the point it is certainly not meant to convey anywhere near the entire cathar teachings and yet it does conveys much that was the heart and soul of that burnt out religion of love catharism was the only major religion which was totally committed to pure unconditional love for everybody and everything everywhere in that respect they were indeed unique for all religions profess love to varying degrees while sadly latent hate simmers quietly below the surface hence our many wars of religious intolerance the cathars believed in love which was based on respect for all of humanity man tree and beast they were also well aware of the complete incompatibility of power and love so it came down to roma versus amor any cathars who were in any way unsure of this maxim had the lesson burned into them at the stake thousands of cathars took a roasting literally by the church so it must raise a few clerical eyebrows to see this modern day resurgence of that despised heresy catharism as can be surmised from the codex catharism is a philosophy that is too high and remote to be constrained and manacled by the strictured doctrines of religion of which the world has more than enough varieties no doubt though some controlling males will try it on with another stone church erected somewhere catharism cannot be closeted indoors for it lets loose the mind and full frees the soul begone to the religious controls of heaven and hell the day of judgement away with the abrahamic faiths one shot at life be it the most miserable of existences while you or i have never had it so good compared to the fair and just system of reincarnation where we will all experience the full

gamut of life experiences the one life that is it rather than deific justice and goodness smacks more of beatific inhumanity to man contrary wise the cathars held the belief that we will return until we perfect ourselves by learning to love unconditionally the cathars as well returned the beauty intelligence and refinement of women to equal place with men after being banished by the church for some 600 years love was back here to stay thanks to the cathars unknown to them today they would be considered egalitarian feminists environmentalists and reincarnationists which they merely considered should be the normal mode of existence for all this book a cathar gnostic codex speaks a relatively little but says a damned lot for those it is meant for it will eventually seek you out by emanation however not all are ready for the this newly arisen cathar phoenix being resurrected from the many ashes and cinders which was their medieval fate thankfully it is somewhat more difficult these days to burn out an idea or ideal which has returned for the betterment of humankind

this codex is not meant for the exultation nor denunciation of any belief rather it offers a partial explanation into some of the deeper mystical aspects of cathar gnostic philosophy as understood by the advanced educated perfecti another reason is to dispel the view that catharism is a pessimistic philosophy rather than possible damnation of the soul their beliefs ascended for they yearned desperately for the reunion of the divine spark our unchanging individuality our very essence as distinct from our soul with the source birth death re birth until eventually all will be re united with the source to me nosalvation no damnation but eventual joy for all equals no pessimism please consider this codex a mere insight into gnostic catharism realising the roots of this gnostic knowledge have far more ancient origins the primary purpose for this codex is to assist those it is destined for to make or take from the codex whatever is of benefit

modern text research shows that biblical tradition often does not at all correspond to real historical events this lessens neither the inner significance of the bible nor of true christendom for true christendom is more than just a religion it is the spiritual sphere of life that embraces all worlds with all their mysteries

some results of modern research as collected and presented here in a dense form clearly contradict canonical narratives and might provoke different reactions from condescending shaking of heads to apalled outcries but neither will diminish their validity after 2000 years of nominal christianism it is now time to animate truly spiritual christendom this new christendom is on one side a renewal of the classical antique mysteries with the christ jesus as the last and greatest avatar of the sun spirit descended to earth as the redeemer of the world and on the other a complete renewal of religious thinking and feeling of humans everyone now being summoned to realize their potential microcosmical cristos in today s spiritual freedom with its world wide new paradigmata the two texts published here in best possible accuracy are especially important because combined with a deeply founded introduction they at last publicly present the world of faith of the true arch christians of the first centuries and their comprehension of events from bethlehem to golgotha based on said insights the book here in hand undertakes to define a new christendom for a new era a christendom that must not just be believed in sheepish obedience but lived out of mature consciousness and in a daily effort of every single human its purpose is to encourage a large number of people to experience this new light truth and life numerous book references many in part extensive notes and a number of full page images show the credibility of the new view and enlarge the usual dogmatic picture a book that read in a leisurely pace and with open soul and heart may bring about new clarity and a new vivid faith for the old message german edition same title isbn 9783907103050
