learning how to revise may well be the most excruciating part of writing frequently it is what makes or breaks new writers now in this unique and highly useful book jay woodruff gives some of america s finest contemporary writers an opportunity to talk with passion and professionalism about revision about the hard work of their writing books on writing generally offer prescriptions and proscriptions about this craft so hard to learn instead of evidence but in a piece of work woodruff s incisive questions guide five writers tobias wolff tess gallagher robert coles joyce carol oates and donald hall through specific examples that enable the reader to see how good writing becomes better from the first draft through various revisions and finally to the printed version of a single piece of each author s work woodruff traces the full course of the revision process while we might prefer to picture all authors as coleridge with the perfectly formed lines and stanzas of kubla khan emerging from a dream the truth of the matter is that the development of a final text is often as much a hard won discovery as it is an initial inspiration a piece of work offers a road map to that discovery

kai wiegandt s study offers a nuanced thoroughgoing and deeply engaging account of novelist j m coetzee s revision of our core ideas of the human not least the human sense of uniqueness that we have invested in our belief in reason and conviction of god likeness he persuasively analyses the careful ways through which coetzee deploys narrative as a mode of thinking through such human and post human questions so developing a fresh and original approach wiegandt calls anthropological realism drawing on thinkers from across the french german and anglophone traditions wiegandt has produced a fiercely insightful and committedly interdisciplinary study elleke boehmer professor of world literature in english university of oxford j m coetzee s revisions of the human offers a bold and compelling argument that is sure to make a serious intervention in coetzee criticism wiegandt introduces several new fields of enquiry in relation to coetzee s fiction the discussions thus reframe well worn debates in an innovative way making for unexpected insights in seemingly familiar critical terrain the book opens up a valuable and thought provoking perspective on coetzee s work and will be of particular interest to the philosophically minded coetzee specialist carrol clarkson professor and chair of modern english literature university of amsterdam tracking skilfully across the shifting terrain of j m coetzee s fictions kai wiegandt draws out their philosophical and literary intertexts in this lucid erudite and compelling book and thereby illuminates a fundamental concern that has persisted throughout coetzee s career to probe and push our ideas of what it is to be human jarad zimbler author of j m coetzee and the politics of style this study argues that the most consistent concern in coetzee s oeuvre is the question of what makes us human ideas of the human that stress language use reason self consciousness autonomy and god likeness are revised in his novels via a poetic of testing which pits intertextually referenced ideas against each other in polyphonic narratives in addition to examining the philosophical provenance of questions of the human in the work of such thinkers as plato hegel heidegger barthes and foucault the study charts

coetzee's reconfiguration of elements drawn from major literary precursors like cervantes heinrich von kleist kafka and beckett its leading argument is that coetzee revises the enlightenment idea of the human as a disengaged autonomous thinker by demonstrating the limitations of reason that he instead offers a view of humanity as engaged agency a view most compatible with ideas developed in the discourse of post humanism theories of materiality and social practice theory and that his revisions depend on narrative form as much as they recommend a narrative approach to ideas in general

argument writing paths to college and career jossey bass and public consulting group inc pcg are proud to bring the paths to college and career english language arts ela curriculum and professional development resources for grades 6 12 to educators across the country originally developed for engageny and written with a focus on the shifts in instructional practice and student experiences the standards require paths to college and career includes daily lesson plans guiding questions recommended texts scaffolding strategies and other classroom resources the paths writing units argument writing informative writing and narrative writing complement the full instructional program and can also be used independently providing in depth writing instruction to support all students in grades 9 12 in meeting grade level standards to emphasize the relationship between reading and writing each writing unit includes accessible model texts that exemplify key elements of each text type and source texts that provide a topic for the unit writing assignment individual lessons guide students through the writing process providing instruction on grammar and conventions and highlighting collaboration and reflection as key elements of effective writing students final essays are assessed using a checklist developed by the class over the course of the unit the organization and distinctive content of the model and source texts in each unit afford teachers the flexibility to implement each unit independently of the others and at any point during the curriculum for example a unit may be implemented to assess students writing prior to implementation of the standard curriculum to scaffold writing instruction leading into a writing assessment or to support struggling writers by addressing gaps in skills as demonstrated in previous assessments the paths writing units provide teachers with invaluable opportunities to engage students as active participants in their own learning at every stage of the writing process and to customize instruction to meet the varying needs of all students about public consulting group public consulting group works with schools districts and state education agencies to build their capacity for instructional and programmatic improvements we provide curriculum development coaching professional development and technical assistance services our work alongside educators and policy makers ensures effective implementation of both the common core state standards and state specific standards for college and career readiness as the creators of the paths ela curriculum for grades 6 12 public consulting group provides a professional learning program that ensures the success of the curriculum the program includes nationally recognized professional development from an organization that has been immersed in the new standards since their inception blended learning experiences for teachers and leaders that enrich and extend the learning a train the trainer program that builds capacity and provides resources and individual support for embedded leaders and coaches
