for the past million years individuals have engaged in multitasking as they interact with the surrounding environment and with each other for the acquisition of daily necessities such as food and goods although culture is often perceived as a collective process it is individual people who use language experience illness expend energy perceive landscapes and create memories these processes were sustained at the individual and household level from the time of the earliest social groups to the beginnings of settled agricultural communities and the eventual development of complex societies in the form of chiefdoms states and empires even after the advent of 'civilization' about 6 000 years ago human culture has for the most part been created and maintained not by the actions of elites 'as is commonly proclaimed by many archaeological theorists' but by

the many thousands of daily actions carried out by average citizens with this book monica l smith examines how the archaeological record of ordinary objects—used by ordinary people—constitutes a manifestation of humankind's cognitive and social development a prehistory of ordinary people offers an impressive synthesis and accessible style that will appeal to archaeologists cultural anthropologists and others interested in the long history of human decision making

history is often told through the lives of great leaders and famous figures but countless ordinary people have performed extraordinary acts of courage kindness and resilience biographies of the unsung heroes ordinary people who did extraordinary things shines a spotlight on these individuals reminding us that heroism comes in many forms this book features inspiring stories of people who changed the course of history without seeking recognition or reward readers will learn about irena sendler who risked her life to save jewish children during the holocaust and nicholas winton who organized the rescue of hundreds of children from nazi occupied czechoslovakia it recounts the bravery of desmond doss a soldier who saved lives without carrying a weapon and the ingenuity of chiune sugihara a japanese diplomat who issued thousands of visas to jewish refugees during world war ii the book also highlights modern heroes like malala yousafzai who continues to fight for girls education and everyday people who performed remarkable acts during times of crisis from nurses and teachers to activists and scientists these individuals remind us that heroism isn't reserved for the famous it's an expression of humanity's best qualities through richly detailed narratives the book captures the essence of what it means to rise above adversity and make a difference in the lives of others it challenges readers to find the hero within themselves and inspires them to see the extraordinary potential in everyday acts of courage and compassion

there are some people whom god takes and sets apart observes venerable madeleine delbr  l 1904 1964 but there are others whom he leaves in the masses and whom he does not withdraw from the world these are people who do ordinary jobs who have an ordinary household or an ordinary single life we the ordinary people of the streets believe with all our might that this street that this world where god has placed us is for us the site of our holiness french poet social worker and lay missionary madeleine delbr  l knew that christ's unspeakable goodness touches the smallest most forgotten corners of our everyday world the laundry the checkout counter the commute his word shines before us while we walk in the street while we do our work while we peel our vegetables while we wait for a phone call while we sweep our floors we see it glow between two of our neighbor's sentences and between two letters to write when we wake up and when we go to sleep yet prayer alone gives us the eyes to see it this book gathers together essays and notes written by delbr  l during her most active years giving peerless insights into the distinctive lay vocation in the church all men and women married and unmarried must follow the holy spirit into all that is true in this world from the small talk around the coffeepot to the

great silence of the holy eucharist the holy church expects saints she tells us and saints are those who love

describes a youth s breakdown and recovery and how it affects his family copyright libri gmbh all rights reserved

this edited collection brings together researchers from education human geography sociology social policy and political theory in order to consider the idea of the pedagogical state as a means of understanding the strategies employed to re educate citizens the book aims to critically interrogate the cultural practices of governing citizens in contemporary liberal societies governing through pedagogy can be identified as an emerging tactic by which both state agencies and other non state actors manage administer discipline shape care for and enable liberal citizens hence discourses of active citizenship participatory democracy community empowerment personalised responsibility behaviour change and community cohesion are productively viewed through the conceptual lens of the pedagogical state chapters consider the spaces of schools universities the voluntary sector civil society organisations parenting initiatives the media government departments and state agencies as fruitful empirical sites through which pedagogy is worked and re worked this book was originally published as a special issue of citizenship studies

this book is a study of political philosophy concerning the relationship between language and state it argues that language gives origin to the state its main idea is that while humans communicate using language they create and use media media extend the distance of communication these media include humans themselves materials human behaviour and consciousness humans then interact on a large scale and form a large community this leads to the dissolution of the tribe and the formation of the state then people seek and provide information give interpretations display attitudes and make promises in organizing the state some people also issue commands they all act through the various types of linguistic communication language is also the key to realizing freedom equality peace democracy and justice this book can be a reference book of political philosophy or political science or political linguistics to be read by university students and professors alike

revision of author s thesis ph d baylor university 2007 under title the material in salvific discourse a study of two christian perspectives

public history a textbook of practice is a guide to the many challenges historians face while teaching learning and practicing public history historians can play a dynamic and essential role in contributing to public understanding of the past and those who work in historic preservation in museums and archives in government agencies as consultants as oral historians or who manage crowdsourcing projects need very specific skills this book

links theory and practice and provides students and practitioners with the tools to do public history in a wide range of settings the text engages throughout with key issues such as public participation digital tools and media and the internationalization of public history part one focuses on public history sources and offers an overview of the creation collection management and preservation of public history materials archives material culture oral materials or digital sources chapters cover sites and institutions such as archival repositories and museums historic buildings and structures and different practices such as collection management preservation archives objects sounds moving images buildings sites and landscape oral history and genealogy part two deals with the different ways in which public historians can produce historical narratives through different media including exhibitions film writing and digital tools the last part explores the challenges and ethical issues that public historians will encounter when working with different communities and institutions either in public history methods courses or as a resource for practicing public historians this book lays the groundwork for making meaningful connections between historical sources and popular audiences

the author has consistently developed an attempt to dismantle soka gakkai study from traditional nichiren shoshu doctrine this book deals with the doctrine controversy with three different backgrounds so it consists of three parts the first part refers to the criticism of nichiren shoshu doctrine that the author published in the period short after the excommunication of sg in november 1991 in the second part since the soka gakkai officially abandoned the faith on the dai gohonzon in november 2014 there are some discussion on the direction of sg study in the present time in the third part the author develops systematically his thesis on the instant enlightenment of ordinary people in succeeding to the humanist approach of sgi president daisaku ikeda thus this book presents an innovative nichiren buddhism 2.0 for laypeople practicing in the global contemporary society of the 21st century

the official monthly record of united states foreign policy

this book analyzes the impact of the fukushima disaster on civil society in japan with particular attention to the anti nuclear movement focusing on its development repertoire of action mobilization strategies modes of operation and impact on the state's energy policy combining social movement theory and civil society theory the author draws on extensive fieldwork in japan to explore the context of the sociopolitical situation in japan up to the fukushima accident and to offer a typological description and analysis of the anti nuclear movement that emerged after the disaster through an analysis of the relationship between the power elite and the anti nuclear movement organizations this volume considers the influences exercised by the ruling elites on civil society and vice versa thus assessing the effects of the anti nuclear movement on the state policy and the society a comprehensive account of the anti nuclear movement in post fukushima japan embedded within a broader perspective of the movement's historical development

contemporary political structures and opportunities fukushima and civil society will appeal to scholars of sociology and politics with an interest in social movements chapter 4 of this book is freely available as a downloadable open access pdf at taylorfrancis.com under a creative commons attribution non commercial no derivatives cc by nc nd 4.0 license

of all the topics in the history of philosophy the history of different forms of thinking and contemplation is one of the most important and yet is also relatively overlooked what is it to think philosophically how did different forms of thinking reflection contemplation critique and analysis emerge in different epochs this collection offers a rich and diverse philosophical exploration of the history of contemplation from the classical period to the twenty first century it covers canonical figures including plato aristotle descartes and kant as well as debates in less well known areas such as classical indian and islamic thought and the role of speculation in twentieth century russian philosophy comprising twenty two chapters by an international team of contributors the volume is divided into five parts flourishing and thinking from homer to hume the thinking of thinking from augustine to gödel images and thinking from plotinus to unger bodies of thought and habits of thinking from plato to irigaray the efficacy of thinking from sextus to bataille thought a philosophical history is the first comprehensive investigation of the history of philosophical thought and contemplation as such it is a landmark publication for anyone researching and teaching the history of philosophy and a valuable resource for those studying the subject in related fields such as literature religion sociology and the history of ideas

many people come to analysis appearing quite ordinary on the surface however once below that surface we often come into contact with something quite unexpected extra ordinary protections created to keep at bay any awareness of deeply traumatic happenings occurring at some point in life judith mitrani investigates the development and the function of these protections allowing the reader to witness the evolution of the process of transformation wherein defensiveness steadily mutates into communication she lucidly and artfully weaves detailed clinical with a variety of analytic concepts and her original notions including unmentalized experience and its expression in enactments adhesive pseudo object relations and the way in which this contracts and compares with normal and narcissistic object relations provide valuable tools for understanding the infantile transference countertransference and for the refinement of our technique with primitive mental states ordinary people and extra ordinary protections will prove stimulating and accessible in its style and substance to a broad analytic readership from the serious student of psychoanalysis to the most seasoned professional
