drawing on new research and recently declassified documents lebor and boyes reveal a tapestry of ordinary lives lived under extraordinary circumstances ranging from subversion and confrontation to passive acceptance and eager complicity this book shows in startling detail how almost every waking hour of hitler s reign offered insidious choices from degrees of compromise to outright resistance to the average germans in their interactions with each other and the regime whether at work home or leisure it may seem impossible to explain how an entire nation could allow itself to be seduced by a man such as adolf hitler by examining the everyday lives of germans under nazi rule the authors propose an explanation more complex strange and morally ambiguous than one might imagine in doing so they bring to life the steady decline in national morality in the third reich as the german people let themselves be taken in by hitler publisher
