the volume is dedicated to the concept of sanctions and to the reassessment of its interrelation with the concept of law it does not seem that long ago that law and sanctions were thought of as necessarily interrelated every law is a command we read in Austin's province of jurisprudence determined a particular command however in that the party to whom it is directed is liable to evil from the other in case he does not comply and the evil which will probably be incurred in case a command be disobeyed is frequently called a sanction. In Hart's critique of Austin's command theory of law successfully drove a wedge into the interrelation of law and sanctions so successful in fact that it caused some scholars to part with the idea of force underlying the concept of law altogether and others to emphatically protest what they perceived as a rash move to discard one of the core elements of law the debate still is on
