academic writing is a unique introduction to the subject as the author puts it in her preface this book develops from a strong claim namely that style is meaningful in developing that theme the author draws meaningfully on theory especially genre theory while remaining grounded in the particular giltrow presents and discusses examples of actual academic writing of the sort that students must learn to deal with daily and to write themselves as newcomers to the scholarly community students can find that community's ways of reading and writing mysterious unpredictable and intimidating academic writing demystifies the scholarly genres shedding light on their discursive conventions and on academic readers expectations and values throughout academic writing respects the student writer it engages the reader's interest without ever condescending and it avoids the arbitrary and the dogmatic the book also offers abundant exercises to help the student develop techniques for working productively at each stage of the

scholarly writing process mastering and summarizing difficult scholarly sources planning and revising to create good working conditions for the reader the third edition of Giltrow's extremely successful book incorporates extensive revisions that integrate the theoretical perspectives of genre theory into the whole of the book in a more organic fashion the changes are designed to make the book both more attuned to scholarly practice and more accessible to the undergraduate student Giltrow's academic reading is designed as an accompanying reader for academic writing

the book every entrepreneur should read better than Strunk and White the work of a master Stephen Kinsella University of Limerick economics is not a field that is known for good writing charts yes sparkling prose no except that is when it comes to Deirdre Nansen McCloskey her conversational and witty yet always clear style is a hallmark of her classic works of economic history enlivening the dismal science and engaging readers well beyond the discipline and now she's here to share the secrets of how it's done economical writing is itself economical a collection of thirty-five pithy rules for making your writing clear concise and effective proceeding from big picture ideas to concrete strategies for improvement at the level of the paragraph sentence or word McCloskey shows us that good writing after all is not just a matter of taste it's a product of adept intuition and a rigorous revision process debunking stale rules warning us that footnotes are nests for pedants and offering an arsenal of readily applicable tools and methods she shows writers of all levels of experience how to rethink the way they approach their work and gives them the knowledge to turn mediocre prose into magic at once efficient and digestible hilarious and provocative economical writing lives up to its promise with McCloskey as our guide it's impossible not to see how any piece of writing on economics or any other subject can be a pleasure to read

now in its third edition academic writing offers a succinct and practical introduction to the development of research papers across the disciplines structured around contemporary genre theory which establishes the importance of context for effective communication the text describes the writing process step by step including how to formulate a topic gather and properly document sources develop strong proposals introductions core paragraphs and conclusions and refine the final draft additionally readers will observe the progress and thought processes of Jenna a first year student as she crafts her own paper new to this edition are materials for instructors that include full length research papers powerpoint slides an exam bank and ideas for study rich with such pedagogical features as chapter learning objectives annotated passages that illustrate aspects of academic style and a glossary academic writing is a must have textbook for students developing their research and writing skills
