culture christendom is dead but maybe that s a good thing the christian culture that has underpinned western society for centuries has been eroded we re now at the point where to disagree with people on issues such as marriage and sexuality is seen as hateful christians are no longer seen as honourable but as bigots but history testifies that the more people try to destroy christianity the more it grows so we are entering an exciting period of time because we re back in the place where christ s church can thrive at the margins of society in this stirring passionate book matt chandler shows us we need christian courage like never before and how to live with compassion and conviction able to look around positively and reach out confidently it encourages us not to be thwarted by fear but to depend on god and have confidence that christ will build his church despite continual marginalization a must read for any christian who wants to understand how to stand firm and walk forwards in an increasingly secular culture
