artists and attic sees the relationship between architecture and literature as a concrete reflection of nineteenth century ideology creating an
iconic picture of women s position in society and literature during that period in the victorian house the attic is hidden and neglected yet to a
woman artist it is a space of her own to produce a text of her own the author presents the neglected attic as related to the neglected woman
and the limited space symbolizes the confinement of woman and the woman writer yet obtaining this space of her own becomes the central
concern to women and women writers this book explores the function of the attic in nineteenth century british and american women s
writing as it is given meaning and life by the writers to many of the women the attic created a paradoxical image of their seclusion but also

place to seek social identity

charlotte bronte in villette and george eliot in the mill on the floss confront the contradictions inherent in the victorian pattern of mother
daughter identification each novelist dramatizes the overwhelming psychological force of what janine chasseguet smirgel terms the primitive
mother superficially this figure appears in the victorian imago of the angel in the house however her entrapment in the limitations of that
ideal unleashes the imago of the terrible mother who emotionally stifles her daughter villette is the story of a young woman lucy snowe an

orphan an unmothered self trying to come into independence by working through a series of relationships with older women who encourage her to repress desires for self reliance or romantic passion or both lucy remains ambivalent about female power because of this maternal repression although she does arrive at a settled and independent identity as a teacher in the mill on the floss maggie tulliver grows up under a weak mother and three repressive aunts like lucy maggie is also forced by the women in her life to choose between independence and love in childhood maggie resorts to various retaliatory behaviors but cannot free herself completely from the weakness of bessy tulliver in the final book of the novel although maggie is punished by the symbolic unleashing of her mother s repressed rage she becomes the maternal rescuer through heroic self sacrifice
