psychology third edition builds upon the experience and reputations of phil zimbardo and ann weber with the addition of a new co author bob johnson who has a wealth of teaching experience at the community college level this briefer less expensive book presents psychology in a meaningful manageable format that focuses on the key questions and core concepts of psychology introductory psychology covers such a wide range of topics and issues that it becomes difficult for readers to see the forest for the trees to make key psychological concepts more meaningful the authors found inspiration in a classic chess study this study showed that experts did no better than novices at remembering the location of pieces on a chess board when they were placed randomly only when the patterns represented actual game situations did they make sense and therefore become more easily memorable for the experts clearly meaningful patterns are easier to remember and understand than random arrangements and psychology applies this by presenting the field of psychology in

meaningful patterns to enhance comprehension these concepts are then applied to readers own lives study skills and the world around them finally psychology integrates a cross cultural and multicultural perspective to make psychology meaningful for everyone for anyone interested in introductory psychology

master the material and ace any assignment with this innovative study guide series this book is perfect for both students and teachers as it produces true mastery of content knowledge and book details other study guides simply give basic details of the novel meaning that students read over material without digesting or learning it other study guides take complex themes concepts and information and just regurgitate it to readers this study guide series is different using the original text as a guide you will learn to cite evidence from the text in order to complete and reflect on your reading designed under the guidance of an experienced and credentialed instructor this study guide series guides the learner to discovering the answers for themselves creating a fully detailed study guide in the user's own words filled with guided reading activities students are able to fill this guidebook with their own information if you read it write it and reflect on it you will learn it teachers you can also purchase a set of these books or one book and make copies for your entire class it makes the perfect guided reading activity and will teach students how to internalize the reading note taking and learning process that advanced readers naturally perform these make the perfect workbook to keep your class engaged and learning instructions for use this study guide is designed as a guided reading workbook keep the study guide open and next to you while you read the sections are sequential and allow you to annotate a fancy word for taking notes as you read the book continue to take notes within this guide once you finish you'll have a complete study guide in your own words the fact is that actually taking notes and then reading them means that you learn while you take the notes it's easier to read since it is in your own words and you will actually master the material since you have experienced it in multiple ways reading and writing if you are a general reader i want to call your attention towards our sections on annotating and analysis as a student i want you to focus on writing your own annotations and using these activities for your own understanding for teachers i have included specific activities for you to try with your classes you have my permission as a fellow educator to purchase multiple books i appreciate your support or feel free to purchase a book make copies for your class and please recommend the book to others i hope you enjoy this study guide
