em gestão administrativa qualidade e produtividade são termos que ao se relacionarem produzem uma série de resultados positivos ou negativos e podem gerar muita discussão para entender melhor como atuar na gestão da qualidade e produtividade em organizações você precisa conhecer os fundamentos básicos os contextos históricos as teorias as técnicas e os métodos mais disseminados nessa área refletindo sobre questões teóricas e práticas de forma aplicada ao seu cotidiano organizacional assim será possível compreender como esses fatores influenciam de fato a competitividade e o sucesso das organizações

an enlightening and powerful exploration of those who risked their lives to help others during the holocaust and those who did not and what we must do to ensure that such a tragedy never occurs again why during the holocaust did some ordinary people risk their lives and the lives of their families to help others even total strangers while others stood passively by samuel oliner a holocaust

survivor who has interviewed more than seven hundred european rescuers and nonrescuers provides some surprising answers in this compelling work samuel oliver delves into the profound acts of altruism that emerged during one of history s darkest periods each interview provides a unique insight into the types of personalities that answer a call to action and those that do not by comparing these rescuers with bystanders he provides a nuanced understanding of what drives people to act with extraordinary compassion or to remain passive in the face of evil offering both a historical perspective and a roadmap for a more compassionate future altruistic personality is not just a historical account it is a call to action and a beacon for moral education relevant when it was first published and even more relevant today oliver argues that by understanding and fostering the traits of altruism we can prevent future atrocities and bring out the better aspects of humanity

building on a survey of media institutions in eighteen west european and north american democracies hallin and mancini identify the principal dimensions of variation in media systems and the political variables which have shaped their evolution they go on to identify three major models of media system development the polarized pluralist democratic corporatist and liberal models to explain why the media have played a different role in politics in each of these systems and to explore the forces of change that are currently transforming them it provides a key theoretical statement about the relation between media and political systems a key statement about the methodology of comparative analysis in political communication and a clear overview of the variety of media institutions that have developed in the west understood within their political and historical context

examining a wide range of works that humanists wrote as doctors ambassadors and secretaries and about medical ambassadorial and secretarial vocations biow shows how humanists embraced and discussed different professions in profoundly different ways

from the outset silvio berlusconi s career was expected to be short and he has been considered finished several times only to have reemerged victorious this fascinating political and historical study shows that berlusconi s success and resilience have lain in his ability to provide answers to longstanding questions in italian history

om den amerikanske kunstner sol lewitt født 1928
