survey research was for a long time thought of primarily as a sociological tool it is relatively recently that this research method has been adopted by other social sciences and related professional disciplines the amount and quality of its use however vary considerably from field to field this volume describes the elementary logic of survey design and analysis and provides for each discipline an evaluation of how survey research has been used and conceivably may be used to deal with the central problems of each field

this addition to anissa rogers bestselling human behavior in the social environment expands the original text with new chapters on spirituality families and groups organizations and communities written in the compact concise manner of the original text the new chapters cover mezzo and macro contexts and offer additional material valuable to two and three semester hbse courses

presenting an introduction to computing and advice on computer applications this book examines hardware and software with respect to the needs of the social scientist it offers a framework for the use of computers with focus on the work station the center of which is a personal computer connected to networks by a telephone based modem

in this collection of essays we reflect on what it means to practise the social sciences in the twenty first century the book brings together leading social scientists from the asia pacific region we argue for the benefit of dialogue between the diverse theories and methods of social sciences in the region the role of the social sciences in addressing real world problems the need to transcend national boundaries in addressing regional problems and the challenges for an increasingly globalised higher education sector in the twenty first century the chapters are a combination of theoretical reflections and locally focused case studies of processes that are embedded in global dynamics and the changing geopolitics of knowledge in an increasingly connected world these reflections will be of global relevance

how can excellence in the teaching of research methods be encouraged and ensured this question has become increasingly important following the adoption of research methodology as a core part of many postgraduate and undergraduate courses there has however been little discussion about the aims and methods of teaching the subject in this volume a number of authors from a variety of countries and disciplines employ their knowledge and experience towards the development of a pedagogical culture in research methods their aim is to establish the extent of common concerns and challenges and to demonstrate ways in which these are being met intended to provide both a stimulus and source materials for the development of a more substantial and systematic literature in the field the book will be of great interest to all those teaching research methods courses within social science disciplines

this collection demonstrates the use and variety of applications of time use methodology from multidisciplinary multinational and multicultural perspectives a distinguished roster of contributors from such fields as psychology occupational therapy sociology economics and architecture examines the complex relationship between human time utilization and health and well being and evaluates the future of time use analysis as a research tool in the social sciences

removing barriers to mobility and encouraging cross border freedom of movement have long been priorities for the nordic countries a series of analyses and reports have addressed the issue in punkaharju in 2007 the nordic prime ministers decided that it was time for this work to enter into a more operational phase and they set up the freedom of movement

forum in addition to safeguarding citizens rights work on this issue makes the nordic countries more competitive and promotes economic growth

engaging with some of the central issues in the sociology of religion this volume investigates the role and significance of churches and religion in contemporary western and eastern europe based on an extensive international research project it offers case studies of various countries including finland ireland portugal germany poland russia estonia hungary and croatia as well as cross country comparisons researching more precisely the present social relevance of church and religion at different levels the social significance of religion in the enlarged europe raises and responds to both descriptive and explanatory questions can we observe tendencies of religious decline in the various western and eastern european countries are we witnessing trends of religious individualization to what extent has there been a religious upswing in the last few years and what are the factors causing the observed processes of religious change marked by its broad range of data and a coherent conceptual framework in accordance with which each chapter assesses the extent to which three important theoretical approaches in the sociology of religion secularization theory the market model of religion and the individualization thesis are applicable to the data this book will be of interest to scholars of sociology politics and religion exploring religious trends and attitudes in contemporary europe

the third edition of the social studies curriculum thoroughly updates the definitive overview of the primary issues teachers face when creating learning experiences for students in social studies by connecting the diverse elements of the social studies curriculum history education civic global and social issues the book offers a unique and critical perspective that separates it from other texts in the field this edition includes new work on race gender sexuality critical multiculturalism visual culture moral deliberation digital technologies teaching democracy and the future of social studies education in an era marked by efforts to standardize curriculum and teaching this book challenges the status quo by arguing that social studies curriculum and teaching should be about uncovering elements that are taken for granted in our everyday experiences and making them the target of inquiry
