this book discusses differences between african and american culture to help prevent cultural miscommunications which might poison or ruin relationships between africans and americans i am lucky to have lived in both africa and america and i feel priviledged and obliged to share my views and experiences with others

tracing the reciprocal relationship between africa and north america from the seventeenth century slave trade onwards two leading authorities in the field provide a

major revision to traditional colonial african history as well as to us history departing from prior accounts that tended to emphasise only the role of the colonial metropolises in developing africa the authors show how american pioneers missionaries traders prospectors miners engineers scientists and others have helped to shape africa they also point to the equally important impact made by africa on the united states through trade and immigration and through the influence of africans on the arts and agriculture among other facets of american life in a study of exceptionally broad scope the authors devote particular attention to the development of united states policy regarding africa the impact of private enterprise the operation of governmental lobbies the administration of foreign aid and the involvement of africa in the cold war

examines the presence of africans in america from 1526 when the slaves of a spanish expedition rebelled and settled among local native americans

who is african in a global ecumene anthropologist copeland carson poses this challenging question in her study of cultural dynamics in minneapolis saint paul highly recommended choice

at the expense of basic human rights dignity and decency africans were torn from their native countries and first brought to the united state as slaves yet even in the face of injustice and hardship they have endured since then african americans have been bolstered by the sacrifices leadership and determination of courageous individuals this inspiring volume chronicles the history of african americans the triumphs and tragedies from origins on the african continent to the end of the harlem renaissance

a classic work of black study that shines a light on the accomplishments of african people within western history from the groundbreaking journalist originally published in 1959 and revised and expanded in 1989 this book asserts that africans had contributed more to the world than was previously acknowledged historian joel augustus rogers devoted a significant amount of his professional life to unearthing facts about people of african ancestry he intended these findings to be a refutation of contemporary racist beliefs about the inferiority of blacks rogers asserted that the color of skin did not determine intellectual genius and he publicized the great black civilizations that had flourished in africa during antiquity according to rogers many ancient african civilizations had been primal molders of western civilization and culture

this is a new release of the original 1928 edition
