this book examines the evolution of spanish foreign policy since 1975 through five different presidencies spanning its transformation from a dictatorial political system and backward economy to a modern european state fully democratic and with a well functioning market economy under strain from the eurozone sovereign debt crisis it explains how domestic developments and external factors have combined to shape spain s international relations assessing the impact of eu membership and providing an example of how middle powers can pursue their foreign policy objectives in the international system the authors explore a range of topics including defence and security economy and development soft power spanish policy towards the eu the united states latin america the mediterranean sub saharan africa and asia this book will be of interest to students and scholars of spanish politics and history european union studies foreign policy international relations and security studies

role theory and mexico s foreign policy examines why mexico has an unusual foreign policy for a middle power country using a series of case studies to show how role conflict has

operated in Mexico's foreign policy Omar Loera González studies three specific settings where Mexico could have displayed middle power behaviour first he analyses Mexico's controversial membership and performance in the Iraq crisis within the Security Council of the United Nations from 2002 to 2003 the second case study examines Mexico's ambition to display a regional leadership role in regional multilateral bodies like the Community of Latin American and Caribbean States CELAC and the Pacific Alliance PA in the third and final case study Loera González focuses on Mexico's engagement in human rights and democracy promotion conflicting expectations from several actors domestic and external have led to a foreign policy contradictory to what is expected for a country with Mexico's material capabilities and its foreign policy objectives this book will be of interest to graduate students and researchers who work on and with foreign policy analysis and role theory or to those with a research interest on Mexico

this book explores Mexico's foreign policy using the principled pragmatism approach it describes and explains main external actions from the country's independence in the nineteenth century to Andrés Manuel López Obrador's administration the principal argument is that Mexico has resorted to principled pragmatism due to geographic historical economic security and political reasons in other words the nation uses this instrument to deal with the United States defend national interests appease domestic groups and promote economic growth the key characteristics of Mexico's principled pragmatism in foreign policy are that the nation projects a double edged diplomacy to cope with external and domestic challenges at the same time this policy is mainly for domestic consumption and it is also linked to the type of actors that are involved in the decision making process and to the kind of topics included in the agenda this principled pragmatism is related to the nature of the intention principism is deliberate and pragmatism is forced and this policy is used to increase Mexico's international bargaining power

in the present collection individual authors address both the question of relations between Poland and Spain and issues related to the role of both countries in international relations especially in European politics this initiative is a valuable one particularly since the literature on this subject both Polish and international especially pays little attention to these two countries and in particular relations between them this is all the more surprising as both are among the six largest countries of Europe a further major strength of this publication is its pairing of several texts that though on similar subjects view those subjects from different perspectives this pairing approach is taken on the topics of security policy economic crisis Polish refugees in Spain and Spanish refugees in Poland and the foreign policies of both countries the articles themselves are concise factual devoid of digression and edited in accordance with the principles of academic literature this book should be an interesting read for political scientists scholars of European studies international relations analysts as well as students of Iberian studies

this book analyzes the evolution of inter American security relations in recent decades providing a variety of views on these topics from the United States and Latin America it includes an analysis of regional security interactions around Central America the Caribbean and South America

a union list of serials commencing publication after Dec 31 1949
