a light source and a surface is it a metaphor for the intimate darker side of a person's nature as Carl Jung
postulated and the unconscious side of one's self where demons and secrets are kept hidden or

like Plato's cave is it a verb that means to follow or accompany or even to spy on shadows a new
collaborative series by Alexandra Grant and Keanu Reeves explores the real and symbolic nature of the
shadow as image and figure of speech Grant's photographs capture Reeves's shadow at times as a
silhouette and at others as traces of light as he and the camera move together in transforming the
images into color and reversing light for dark Grant has made the shadows themselves the source of
light Reeves's texts written in tandem with the creation of the images give voice to the multiple
manifestations of the shadow as a projected figure a place of concealed emotion and an invocation to
