over 400 brand new questions despite the enormous capacity of the human brain
we only use a fraction of our potential brainpower and while most of us believe
there is little we can do to improve the brain we were born with it has been proven
that thought processes can be improved and sharpened by attempting various
types of test this new title from iq expert philip carter consists of tests and exercises

designed to stretch and exercise as well as entertain the mind the concept of iq is broadening to include different types of intelligence such as creativity and emotional intelligence this book reflects that shift as well as iq tests it contains tests in the areas of verbal intelligence spatial appreciation numerical calculation logical reasoning memory creativity lateral thinking mental agility personality through practice it is possible to improve your iq rating or performance at psychometric tests and this book provides an ideal opportunity for doing just that
