literature review from the year 2014 in the subject american studies literature grade a atlantic international university course phd journalism language english abstract gregg braden s book the divine matrix that seeks to justify and offer meaning to the origin of both the tangible and intangible things of the universe offers one of the most elusive and divisive evidence the origin of

the web of energy in the universe has for many years been a bone of contention between the church and science from the time of galileo to the modern times marked with technological advancements to carry out research humanity has failed spectacularly to comprehensively and neutrally define their origin and everything around them

the divine matrix are the miracles that we see in the quantum world actually showing us our greatest possibilities rather than our scientific limits could the spontaneous healing of disease an instant connection with everyone and everything and even time travel be our true heritage in the universe there is a place where all things begin the place of pure energy that simply is in this quantum incubator for reality everything is possible in 1944 max planck the father of quantum theory shocked the world by saying that this matrix is where the birth of stars the dna of life and everything between originates recent discoveries reveal dramatic evidence that planck s matrix the divine matrix is real it is this missing link in our understanding that provides the container for the universe the bridge between our imagination and our reality and the mirror in our world for what we create in our beliefs to unleash the power of this matrix in our lives we must understand how it works and speak the language that it recognizes for more than 20 years gregg braden a former senior aerospace computer systems designer has searched for the understanding to do just that from the remote monasteries of egypt peru and tibet to the forgotten texts that were edited by the early christian church the secret of the divine matrix was left in the coded language of our most cherished traditions it is verified in today s science in this paradigm shattering book gregg shares what he s found through 20 keys of conscious creation we re shown how to translate the miracles of our imagination into what is real in our lives with easy to understand science and real life stories gregg shows us that we re limited only by our beliefs and what we once believed is about to change

in this compelling exploration of life gregg braden merges the modern discoveries of nature s patterns fractals with the ancient view of a cyclic universe the result is a powerful model of time fractal time and a realistic window into what we can expect for the mysterious year 2012 and beyond applying fractal time to the history of the world and life he proposes that everything from the war and peace between nations to the patterns of human relationships mirror the returning cycles of our past as each cycle repeats it carries a more powerful amplified version of itself the key if you know where to look in the past you know what to expect when the same conditions return in the present and future for the first time in print the time code calculator gives you the tool to do just that through easy to understand science and step by step instructions discover for yourself how the conditions for 2012 have occurred in the past and what we can expect when they repeat the hot dates that hold the greatest threats of war and greatest opportunities for peace as well as economic cycles such as the stockmarket collapse of 2008 how earth s location in space triggers cycles of spiritual growth for humans your personal time codes for the key events of business relationships and change in your life how each cycle carries a window of opportunity a choice point that allows us to select a new outcome for the returning pattern what the 1999 ice cores from antarctica reveal about past cycles of climate global warming earth s protective magnetic fields and what these things mean for us today

one of our great visionaries dr wayne w dyer a rare blend of scientist visionary and scholar deepak chopra a scholar and new york times bestselling author shares his shocking theory of an ancient language found in the decoded elements of our dna that shines new light on the mysteries of existence what would it mean to discover an ancient language a literal message hidden within the dna of life itself what we once believed of our past is about to change a coded message has been found within the molecules of life deep within the dna in each cell of our bodies through a remarkable discovery linking biblical alphabets to our genetic code the language of life may now be read as the ancient letters of a timeless message regardless of race religion heritage or lifestyle the message is the same in each cell of every woman child and man past and present sharing all

international university course phd journalism language english abstract the book fractal time the secret of 2012 and the new world age by gregg braden explores the discoveries of time as the means of communication from the past in addition the book proposes that time defines the map to an individual's future and provides a picture of the world to come the mayans identify december 21 2012 as the end of the world age particularly to be attributed to the winter solstice the cycle is predicted to have started in the 5th world age that is approximately 3114 b c this defines 1800 years prior the time of the exodus of moses which is around 5125 years ago parallel to the world age the traditions of the indians were passing on through oral traditions thus they may have lost their accuracy along the transmission therefore the oral communications are dated back before the literature

seminar paper from the year 2016 in the subject geography earth science miscellaneous grade a atlantic international university course seminar international development i language english abstract this book fractal time by braden is fascinating the author centers his analysis on the year 2012 which many people gave interpretation to an interpretation that consisted of seeing that year as the end of the world besides that way of viewing things for the year 2012 was a confusion of events at least braden wrote the book before the coming of that year which proves that the explanations he gives in his book are trustful when braden works on the year 2012 his focus is about the cycles of times cycles of times that can occur in our day to day life and are more likely to repeat after many years according to the author we have to approach this year the best way possible to convey his message he talks about 20 times codes that are developed in the book time code 1 says that we are living the completion of a 58 185 year long cycle of time a world age that the ancient maya calculated would end the winter of the solstice on december 21 2012 we are living the end of time not the end of the world as a lot of people predicted but the end of a world age for example the present world age began in 3114 b c and will end in a d 2012 time code 2 states that our ancestors recorded their experience of the last end of time showing beyond a reasonable doubt that the close of one world age is the beginning of the next and not the end of the world now the question might be what is the meaning of the end of world age those who came before us knew the end of the time was coming they knew because it always does accordingly braden asserts that every 5 125 years the earth and our solar system reach a place in their journey through the heavens that mark the end of such a time cycle only five generations in the last 26 000 years have experienced the shift of world ages we will be the sixth the only way to arrive at the light of the next cycle is to finish the darkness of this one many themes are developed in braden's book i have selected those i thought to be more appealing the first issue i will discuss are cycles time cycles that repeat and then i shall debate the 20 year curse of american presidents the last discussion will be the identification of cycles of nature in our lives

entanglement the new novel based on the teachings of new york times best selling author gregg braden explores the exciting world of quantum physics through the experiences of twin brothers charlie and jack franklin have always experienced life differently than your average brothers as children each was able to sense when the other was in danger when the other was sad or when the other was happy however as adults these two brothers took different paths jack stayed in their hometown to practice his art and charlie joined the army only to be deployed to afghanistan after a frightening vision jolts jack into consciousness he begins his quest to get in touch with charlie along the way he encounters his high school physics teacher who helps him understand the connection the brothers have and the larger universal oneness of which we are all a part
