what started out as a strange assignment lead to one of the most gruesome murder mysteries
of our times my friends and i are set and determined to find out who is killing off fae and
witches alike

adam and i are both going through identity crises of epic proportions as we transition from
who we were and discover who we were meant to be more fae are dying and i feel as if
time is running out for us to find all of those responsible and put an end to the killings the
people i thought i could trust have betrayed me and the one person i should absolutely not
trust is taking me deeper and deeper into his world ryder s secrets are dangerous and
devastating with each touch and word he pulls my heart closer to himself and at the same
time he is trying to keep me at arm s length the dance he and i have begun is getting more
complicated as our worlds are being shaken from all sides and the visions of the future are
frightening and nothing like i had ever pictured for myself or those i care for this time
destiny is taunting me i had always thought that i controlled my destiny now my rights are
being taken from me by powerful people and leaving me with alternatives that range
between bad and awful this time the choices i have to make can decide the fate of both worlds
everything is unraveling and nothing will ever be the same again synthia

war has finally come to faery everything i thought i knew was wrong truths have become
lies and they have all begun to unravel around us i can no longer trust my instincts ryder has
changed but so have i we re evolving but into what i m not sure but i do know that it isn t
what i wanted to become i don t know if i will survive this war one of us is holding back
while the other continually moves forward toward the mages who endlessly slaughter the
fae i think it s me i think i have to lose it all to gain what is missing inside of me how do you
eradicate self when self is what you ve been fighting for throw everything you think you
know about the fae away nothing is sacred and no one is safe from the monsters we re about

to become

i thought things couldn t get worse i was wrong i found out what i really wanted and was forced to give him up just as i found out who i really am i was presented to the elusive horde king as a gift this was the mystical being i was hidden from for more than twenty years although ryder promised to save me i couldn t let him get near this creature so i willingly sort of signed myself over to be his new plaything now in the horde realm nothing is going remotely like i thought it would my powers and emotions are on the fritz and each day seems to bring surprises that i am not sure how to deal with the horde king thinks he has me exactly where he wants me he thinks he has taken all of my options away i still have choices embracing what destiny has planned for me or escaping it

less than six months ago my life was twisted and flipped on its side things have changed so much i barely recognize myself anymore i am no longer an enforcer i am no longer a witch i no longer hate the fae for the most part and the sex on a stick gorgeous fae he isn t really the dark prince no he is the father of my children and with the babies on the way the land dying and the mages closing in alliances will have to be formed if we are all to make it through the war that is coming to our front door between warring gods and goddesses how are any of us supposed to win the fae chronicles reading order is as follows fighting destiny taunting destiny escaping destiny seducing destiny

sacrifice your soul check die to protect those you love check come back as something the world hasn t seen since the dawn of mankind check make those who hurt me wish the gods had never created them i m still working on this one are you ready to play i m coming back i m more darker deadlier and i m pissed heaven has fallen hell has risen and the walls that once protected man from monsters are down foe s become friends enemies become lovers and this world is thrown into chaos unlike anything it s ever seen before i m ready to play now i m ready to win this is the third book in the award winning playing with monsters series reading order for those who are following the story line and want the full experience fighting destiny taunting destiny escaping destiny seducing destiny a demon s dark embrace playing with monsters unraveling destiny sleeping with monsters claiming the dragon king oh holy knight in such violent delight anthology becoming his monster series that standalone a guardian s diary series darkest before dawn death before dawn midnight rising coming soon
